The Spirit of Medieval English Popular Romance May 03 2021 The Middle English popular romances enjoyed a wide appeal in later medieval Britain, and even today students of medieval literature will encounter examples of the genre, such as Sir Orfeo, Sir Tristrem, and Sir Launfal. This collection of twelve specially commissioned essays is designed to meet the need for a stimulating guide to the genre. Each essay introduces one popular romance, setting it in its literary and historical contexts, and develops an original interpretation that reveals the possibilities that popular romances offer for modern literary criticism. A substantial introduction by the editors discusses the production and transmission of popular romances in the Middle Ages, and considers the modern reception of popular romance and the interpretative challenges offered by new theoretical approaches. Accessible to advanced students of English, this book is also of interest to those working in the field of medieval studies, comparative literature, and popular culture.

Character Sketches of Romance, Fiction and the Drama Dec 18 2019 Originally published in 1892, "the object of this Handbook is to supply readers and speakers with a lucid, but very brief account of such names as are used in allusions and references, whether by poets or prose writers; - to furnish those who consult it with the plot of popular dramas, the story of epic poems, and the outline of well-known tales. The number of dramatic plots sketched out is many hundreds. Another striking and interesting feature of the book is the revelation of the source from which dramatists and romancers have derived their stories, and the strange repetitions of historic incidents. It has been borne in mind throughout that it is not enough to state a fact. It must be stated attractively, and the character described must be drawn characteristically if the reader is to appreciate it, and feel an interest in what he reads." This work, an American reprint of The Reader's Handbook by E. Cobham Brewer, ..".while retaining all of the original material that can interest and aid the English-speaking student, gives also 'characters and sketches found in American novels, poetry and drama.'"

Scientific Romance Dec 22 2022 Before the term "science fiction" was adopted in the 1920s, there were "scientific romances," tales of amazing journeys beyond the limits of the known world. Jules Verne's imaginative novels of the mid-nineteenth century met with international success, whetting the public's appetite for fantastic fiction rooted in actual fact — a craving that H. G. Wells satisfied with his visionary stories. This compilation presents more than two dozen early tales by Verne's and Wells's immediate predecessors, contemporaries, and descendants, focusing on the middle period, when the genre was at its most enterprising and exuberant. Originally published between 1835 and 1924, the stories offer early interpretations of the futuristic societies, rogue stars, rebellious machines, and other now-familiar themes of speculative fiction. Featured authors include Edgar Allan Poe, Nathaniel Hawthorne, Ambrose Bierce, H. G. Wells, Jack London, and Sir Arthur Conan Doyle, as well as lesser-known writers. Brian Stableford, a legendary science-fiction author and editor, selected the stories, for which he provides an informative Introduction and brief biographies for each author.

Concerto No. 12 Jun 16 2022 One of the leading composers of instrumental music of the early Romantic period, Louis Spohr was a violinist, composer, and conductor. In addition to symphonic works, string quartets, and other solo and chamber music, he composed operas, operettas, and songs. There has been a trend, starting in the late 20th century, to revive his instrumental works and songs.

The Harvard Biographical Dictionary of Music Sep 07 2021 Biographical dictionary emphasizes classical and art music; also gives ample attention to the classics as well as Jazz, Blues, rock and pop, and hymns and showtunes across the ages.

Rewards and Punishments in the Arthurian Romances and Lyric Poetry of Mediaeval France Mar 21 2020 The essays in this volume, a Festschrift for Professor Kenneth Varty, are centred on the relatively unexplored theme of rewards and punishments in French Arthurian romance and the medieval lyric. The Arthurian studies range over verse (Béroul, Chrétien, Jean Renart, the Roman de Silence) and prose (Robert de Boron, the Queste del Saint Graal, Perlesvaus, Lancelot and the Tristan), reflecting a variety of different approaches, from an examination of the legal background to the work of Béroul to an iconographical survey of hitherto undiscussed and unpublished Tristan illustrations to close textual analysis of an episode in Robert de Boron's Joseph and Merlin.

A Fine Romance Nov 28 2020 "The central topic of A Fine Romance: Adapting Broadway to Hollywood in the Studio System Era is the symbiotic relationship between a dozen Broadway musicals and their Hollywood film adaptations spanning nearly a half century (1927-1972). The romance begins with the stage version of Show Boat and ends with Bob Fosse's cinematic 1972 re-envisioning of Cabaret. Between these end points are chapters on The Cat and the Fiddle, Roberta, Cabin in the Sky, Oklahoma!, On the Town, Brigadoon, Call Me Madam, Silk Stockings, West Side Story, and Flower Drum Song"--

Understanding Genre and Medieval Romance Sep 26 2020 Unique in combining a comprehensive and comparative study of genre with a study of romance, this book constitutes a significant contribution to ongoing critical debates over the definition of romance and the genre and artistry of Malory's Morte Darthur. K.S. Whetter offers an original approach to these issues by prefacing a comprehensive study of romance with a wide-ranging and historically diverse study of genre and genre theory. In doing so Whetter addresses the questions of why and how romance might usefully be defined and how such an awareness of genre-and the expectations that come with such awareness-impact upon both our understanding of the texts themselves and of how they may have been received by their contemporary medieval audiences. As an integral part the study Whetter offers a detailed examination of Sir Thomas Malory's Le Morte Darthur, a text usually considered a straightforward romance but which Whetter argues should be re-classified and reconsidered as a generic mixture best termed tragic-romance. This new classification is important in helping to explain a number of so-called inconsistencies or puzzles in Malory's text and further elucidates Malory's artistry. Whetter offers a powerful meditation upon genre, romance and the Morte which will be of interest to faculty, graduate students and undergraduates alike.
