Evaluation of the third project cycle of the Benefit-sharing Fund of the International Treaty on the Plant Genetic Resources for Food and Agriculture Dec 07 2021 In 2020, the FAO Office of Evaluation (OED) launched the evaluation of the third project cycle of the Benefit-sharing Fund (BSF). The evaluation assessed the results of the programme and provided lessons learned and recommendations to inform the further development of the BSF programme. The BSF was established in 2009 by the Contracting Parties of the International Treaty on Plant Genetic Resources for Food and Agriculture (ITPGRFA) in the spirit of multilateralism to fund projects in developing countries to increase crop diversity and enable a dynamic exchange of plant genetic material for increased adaptation, agricultural diversification and food security. Since its inception, a total of USD 26 million has been invested in four project cycles. Nine recommendations emerge from this evaluation. These include the need to capitalize on BSF achievements by highlighting PGRFA as an indispensable element of farmers' food and nutrition security while building on the biodiversity and climate change nexus to further advance the BSF's alignments with SDG 2 (end hunger), SDG 13 (climate action) and the Paris Agreement on enhancing adaptive capacity, strengthening resilience and reducing vulnerability to climate change by further sharpening, illustrating and concretizing the strategic importance of PGRFA to a resilient food and nutrition security in the context of climate change.

Kashmir Jan 16 2020 In 2002, nuclear-armed adversaries India and Pakistan mobilized for war over the long-disputed territory of Kashmir, sparking panic around the world. Drawing on extensive firsthand experience in the contested region, Sumantra Bose reveals how the conflict became a grave threat to South Asia and the world and suggests feasible steps toward peace. Though the roots of conflict lie in the end of empire and the partition of the subcontinent in 1947, the contemporary problem owes more to subsequent developments, particularly the severe authoritarianism of Indian rule. Deadly dimensions have been added since 1990 with the rise of a Kashmiri independence

movement and guerrilla war waged by Islamist groups. Bose explains the intricate mix of regional, ethnic, linguistic, religious, and caste communities that populate Kashmir, and emphasizes that a viable framework for peace must take into account the sovereignty concerns of India and Pakistan and popular aspirations to self-rule as well as conflicting loyalties within Kashmir. He calls for the establishment of inclusive, representative political structures in Indian Kashmir, and cross-border links between Indian and Pakistani Kashmir. Bose also invokes compelling comparisons to other cases, particularly the peace-building framework in Northern Ireland, which offers important lessons for a settlement in Kashmir. The Western world has not fully appreciated the desperate tragedy of Kashmir: between 1989 and 2003 violence claimed up to 80,000 lives. Informative, balanced, and accessible, Kashmir is vital reading for anyone wishing to understand one of the world's most dangerous conflicts.

Jungle Passports Sep 23 2020 Since the nineteenth century, a succession of states has classified the inhabitants of what are now the borderlands of Northeast India and Bangladesh as Muslim "frontier peasants," "savage mountaineers," and Christian "ethnic minorities," suspecting them to be disloyal subjects, spies, and traitors. In *Jungle Passports* Malini Sur follows the struggles of these people to secure shifting land, gain access to rice harvests, and smuggle the cattle and garments upon which their livelihoods depend against a background of violence, scarcity, and India's construction of one of the world's longest and most highly militarized border fences. *Jungle Passports* recasts established notions of citizenship and mobility along violent borders. Sur shows how the division of sovereignties and distinct regimes of mobility and citizenship push undocumented people to undertake perilous journeys across previously unrecognized borders every day. Paying close attention to the forces that shape the life-worlds of deportees, refugees, farmers, smugglers, migrants, bureaucrats, lawyers, clergy, and border troops, she reveals how reciprocity and kinship and the enforcement of state violence, illegality, and border infrastructures shape the margins of life and death. Combining years of ethnographic and archival fieldwork, her thoughtful and evocative book is a poignant testament to the force of life in our era of closed borders, insularity, and "illegal migration."

The Truth Will Set You Free Aug 15 2022 Are You a "Whosoever?" Whosoevers are people destined to live forever in a place beyond their wildest expectations. Whosoevers are becoming more difficult to identify today due their being mocked and persecuted by Hollywood, the mainstream media, and most of our schools and universities. However, the rewards for achieving "whosoever status" are well worth looking into! How can you become a "whosoever"? Just believe! (John 3:16) "For God so loved the world that he gave his one and only Son, that whosoever believes in him shall not perish but have eternal life." Whosoevers are believers in God, the Creator of the universe, and Jesus Christ His one and only Son who exchanged His righteous for our sinfulness. Jesus paid the price for all our sins, past, present, and future. The game of life is extremely complicated and doomed to failure if you don't know all the rules. The Bible is God's use and care manual and is His means used to communicate with us today. In the past, God communicated through various prophets. Now, we have God's Word, the Bible, to help us understand and know what pleases our creator. God says that it is impossible to please Him without faith and that faith comes from hearing His Word, the Bible. Today, many people know that God hates "idol worship." However, many peoples don't realize that anything that you put in front of God, for example, family, friends, possessions, or power, is idol worship. In God's eyes, hating anyone is equivalent to murder and lust for anyone, but your spouse is adultery. That is why we need to study the Bible to help us understand God's character! Everyone sins and falls short of God's standard. (Romans 3:10""12) "There is no one righteous, not even one; there is no one who understands there is no one who seeks God. All have turned away, they have together become worthless; there

is no one who does good, not even one." This is why everyone needs a Savior! (Proverbs 14:12) "There is a way that seems right to man but in the end it leads to death." At the opposite end of the believing spectrum are the "never God" people. "Never God" people not only deny God their Creator and Jesus's sacrifice on the cross but also mock believers. The Apostle John called those who deny Jesus "antichrists." Unbelievers or antichrists will also live forever, but in an extremely hot environment. Instead of joy, there will be weeping and a gnashing of teeth. The fire in hell will burn eternally, but the occupants will never die. (John 8:31-32) "To the Jews who has believed him, Jesus said, 'If you hold to my teachings, you are my disciples. Then you will know the truth and the truth will set you free.'"

Het glazen kasteel Feb 26 2021 Ik zat in een taxi toen ik mijn moeder zag die in een vuilnisbak stond te graaien.' In Het glazen kasteel beschrijft Jeannette Walls haar jeugd als oudste van de vier kinderen in een gezin dat zonder vaste woonplaats en in absolute armoede leeft. Hoe ze als driejarige knakworstjes stond op te warmen en zich vreselijk verbrandde, hoe haar vader telkens weer ontslagen werd. Hoe er nooit een einde kwam aan hun financiële zorgen. De ingevingen van haar volstrekt onverantwoorde ouders waren altijd leuk en spannend. Haar liefde voor hen was groot ? ook al stelden ze haar keer op keer teleur.

Saluut aan Catalonië Feb 09 2022 In 1936 ging George Orwell

naar Spanje om te berichten over de burgeroorlog. Maar in plaats daarvan sloot hij zich aan bij het republikeinse rebellenleger om te vechten tegen de fascistten. In Saluut aan Catalonië doet hij met nietsontziende eerlijkheid verslag van de oorlog en van zijn ervaringen. Op indringende wijze brengt hij die chaotische episode tot leven: de revolutionaire euforie van Barcelona, de moed van gewone Spaanse mannen en vrouwen die naast hem vochten, de verschrikkingen en de verwarring aan het front, de bijna fatale verwonding die hij opliep door een kogel, en het doortrapte verraad van de zogenaamd geallieerde naties. Deze uitgave is voorzien van een inleidende tekst van Geert Mak, ontleend aan zijn vermaarde boek In Europa.

Line on Fire Oct 05 2021 The India-Pakistan border in Jammu & Kashmir has witnessed repeated ceasefire violations (CFVs) over the past decade. As relations between India and Pakistan have

deteriorated, CFVs have increased exponentially. It is imperative to gain a deeper understanding of these violations owing to their potential to not only cause a crisis but also escalate an ongoing one. *Line on Fire*, part of the Oxford International Relations in South Asia series, postulates that the incorrect diagnosis of the reasons behind CFVs has led to wrong policies being adopted by both India and Pakistan to deal with the recurrent violations. Using fresh empirical data and first-hand accounts, the volume attempts to understand the reason why CFVs continue to take place between India and Pakistan despite consistent efforts to reduce the tension between the two nations. In doing so, it recontextualizes and enriches the prevailing arguments in contemporary literature on escalating dynamics and unending ceasefire agreements between the two South Asian nuclear rivals.

Raising Up a Testimony Sep 16 2022 During his first seven years ministering to a suburban Houston congregation (2003-9), Matt Soper wrote a weekly essay commenting on current events, culture and the Christian faith. These essays touched on some of the most dramatic events and pressings issues of that decade, such as the capture of Saddam Hussein, the Abu Ghraib prison debacle, Hurricane Katrina, the fallout from the Danish cartoons of Muhammed, the Enron implosion, sports steroid scandals, the same-sex marriage debate, Barack Obama's historic election, and the 2007-8 recession. They also addressed more prosaic but always challenging issues and events in the life of regular people striving to live faithfully as part of an American congregation of Christians. The essays were written in real time as events unfolded, and they chronicle a preacher attempting to lead a community of Christians in thoughtfully engaging the world through eyes of courageous, rigorous and hopeful faith. The words are love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control. In this study, the author examines each of those pieces of fruit in detail, so believers, new believers, and even nonbelievers can apply wisdom from Scripture in their lives.
