It's the perpetual question: Are we there yet? We've probably asked and answered it countless times. But impatience can cloud the real question: Where are we right now? Are We There Yet? shows a way to turn travel into a spiritual practice. From the Gully to the Crossroads--

walking, driving, flying--Rabbi Shefa Gold shares her experience and insight on travel and helps us reexamine our natural inclination to focus on our destinations--both physical and spiritual. Ride along with her on her many journeys--some mundane, some mysterious, and a few near miraculous--and discover the joy of what can happen when you stop worrying about there and focus on here. Are We There Yet? lets you tap into the potential of each journey--starting with the first step. Many are ready for the next step in consciousness in finding a belief system or form of

spirituality to help them discover a higher meaning in life. Through exploring elements of mystical India with knowledge of modern psychological and personal development, we may create a new enriching perspective of our soul journey as stardust. Yildiz explores aspects of Karma, Vedic astrology, reincarnation, free will and destiny and the process of Family Constellations as a means of making the most of ourselves on our soul journey through relationships and self-discovery towards enlightenment through a character

named 'Surya'. The author uses ancient and modern philosophies and Eastern and Western knowledge in looking through Surya's eyes. Each decision has consequences and Yildiz discusses those with a strong emphasis on the intricacies of relationship. 'We are invited to consider consumerism, global warming and our search for love as the soul remembering its wisdom. To experience her generosity of spirit, one only has to read, "Perhaps there is truth in both beliefs. That this life is unique, a one-off experience and may not be repeated in exactly the same way. This

is the only time we may have this experience in this body, time, culture and circumstance." The book holds our interest, but perhaps most beautiful is the strength of peace that is left once our eyes have left the page. Precise explanations on karma that will set you free! You will find many spiritual gems gleaming from this book., 31 Aug 2014 By Sarah Sheikh This review is from: Stardust on the Spiritual Path (Paperback) I first heard about family constellations some years ago, however, the description by Sethi was, by far, the easiest to fully understand by far. She includes step by step details of the process in

action, including graphics showing the family constellations. Up until this point, I had not understood why it was called constellations. Stardust the Spiritual Path delves deep into the real reason why we are here, that we are first and foremost from the stars, incarnating into a physical body in the physical realm. Until one comprehends this wisdom, I think the true meaning of life will elude one. The manner in which Sethi explains this gets straight to the core of such, without having to excavate reams of flowery spiritual material and becoming bogged down to the point of turning away - or

needing to take extensive time out to study the material. I have spent considerable time studying deep spiritual texts, but eventually the answer is simple and profound at the same time. The chapters that resonated incredibly deeply were on the subject of karma, and how one person may seem to be lucky or unlucky. I always thought there was more to this subject, but had been unable, up until now, to find such material that would explain everything on karma. Sethi shares her knowledge on fixed, mixed or light karma, offering examples that enable you to visualise each

situation perfectly. She offers practical advice on what one can physically do in the cases of mixed or light karma. Some of the ideas I had been experimenting with, and working in accordance with the law of attraction. Now I clearly know what are the true possibilities, and as I integrate the knowledge into my life, I will be able to learn more deeply from my experiences. Without this knowledge, one may feel thwarted at certain circumstances, or unusually lucky. We certainly need to be able to make sense of what is occurring in our life! In addition to experiencing

Family Constellations, I have also previously purchased all the books that I could find on astrology, and studied at home. I recommend Stardust on the Spiritual Path, as a wonderful guide that may save you endlessly repeating karmic lessons via understanding what type of karma you are working through, and move beyond such. Sethi also explains about positive karma and free will. You will find many spiritual gems gleaming from this book. Shantaram takes us on a gripping personal journey of wonder and insight into science, belief, faith and devotion. Drawing on sacred traditions, rigorous logic and the six-year instruction of his spiritual teacher, Roberts describes the step-by-step process he followed in search of spiritual connection - a process that anyone, of any belief or none, can benefit from in their own lives. This gripping personal account of the 'Leap Of Faith' is a compellingly fresh addition to such enduring, spiritually inspiring works as Zen and The Art of Motorcycle Maintenance, The Road Less Travelled

and The Celestine Prophecy. As Roberts writes, 'The Spiritual Path is a book on spiritual matters that my younger self wanted desperately: one that offers more answers than questions, and helps to reset the spiritual compass.' If happiness is found within and not in some form of external material trappings, would you let go and let God provide for all your needs? Knowing this, would you make choices that are for the highest good of all concerned? In The Spiritual Path: How to Create Heaven on Earth, ordained CSL minister Lily Rose works to inspire humankind to create a culture of

positivity filled with solution-oriented people living harmonious, virtuous lives. As you step on the path, she opens the door to your perception to unveil a way back to the garden through nonduality and the power of personal integrity. Reverend Lily exposes the fallacies present within the collective unconscious that block all that is good from manifesting in your life. You will learn how to think in a new way that is not defined by the limiting ideas of the past, navigating the spectrum of consciousness and building psychic healing love energy using the penny and domino principles to heal

your body, mind, and spirit. The Spiritual Path: How to Create Heaven on Earth will help you develop pyramid consciousness to take a quantum leap toward materializing a new you as you tap into the field of infinite possibilities to realize your full potential, reprogram and rewire your brain to nip the self-sabotaging behavior of addiction in the bud, and manifest heaven on earth through the acclimation of grace. This is a book about spiritual development - your spiritual development actually. It is about empowering you, so that you can take

charge of your own spiritual development so as to have a meaningful and deeply rewarding spiritual life. You don't need to join any organisation, or even leave your own home, in order to achieve your full spiritual destiny. Surprising as it might seem, this unique book sets out how you can achieve Self Realisation, (enlightenment), in as little as one to two years. This is something that normally takes many decades or whole lifetimes to achieve using traditional methods. How is it done? By learning a simple, easily mastered method of contacting, and mentally talking

with, in a two-way mode, any high level spiritual being you want to. It's called channelling, but there is no spirit taking over your body or funny stuff like that. So you get spiritual guidance, tailored to your own individual needs, from whomever you like, as often as you like, on a 24/7 basis, and entirely at no cost to you. You can see why it is called The Direct Path to Self Realisation and Beyond! What does the Direct Path require of you? Just a strong desire to achieve your full spiritual potential as a human being. The book is written in a warm, personal style, so it is accessible to everyone, and

usable by anyone. The way forward is all laid out for you. The only question is - Are you up for the challenge? Our sexuality and our spirituality are the selfsame life source that comes from the Sacred Unity of Love. This mystical vision explains how we can be released from the tyranny of human malice and from the suffering that surrounds our lives. Written by a tantric facilitator, this book demonstrates how malice originates and how we may all return to the spiritual path that comes from the heart and that delights in erotic energy as our uniquely Holy Spirit. This is a guide to living life in the joy, bliss, and

ecstasy of meditation and the authenticity of our sexual selves. For both those who have found a spiritual home and for those who are still looking, there is a need for spiritual seekers to have a better understanding of the process and principles of spiritual development. If you want to do practices that have meaning for you and to be able to change your practice when something more or different is needed, this book will provide you with some basic principles to help you take charge of your own spiritual path. People are taking more responsibility for

managing their own finances, their own psychological wellbeing, and their own education. Likewise, it is possible now to take charge of one's own spiritual path. In most spiritual paths, the outcomes are often not made clear and the focus is placed on the practice itself without making the objective of the practice clear. This is disempowering for you, the practitioner. But now, we no longer have to stay stuck in this model. The purpose of this book is to identify some common underlying objectives of true spiritual practices outside of the doctrine that surrounds them. This book discusses

the specific outcomes that different practices are designed to accomplish. To reach and keep your ideal weight, feed the real hunger--spiritual hunger. Inner exploration and soul growth open the path to balance of body and serenity of mind. In a successful step-by-step approach used by thousands of her clients in seminars and private consultation, Mary Bray shows the way to reduce unwanted weight and live a richer life. Seven steps demystify the role of food, give simple eating guidelines for permanent weight reduction, untangle the role of emotional history,

and give proven techniques for breaking through negative life patterns. This book offers any reader access to the same loving approach of the author's sold-out seminars in the US and Europe. The spiritual path is like any other road—it's going to have its share of potholes and detours. Safe travel requires a quality rarely taught yet critically important in today's world: discernment. In *Eyes Wide Open*, Mariana Caplan supports us in cultivating the acute judgment and discrimination that will help us to live a spiritual life with intelligence, clarity, and authenticity. Is enlightenment less about fireworks and bliss and more

about dismantling illusions? How do we fully integrate our practice into daily living? What's the best way to work with the ego and the shadow? *Eyes Wide Open* explores these questions and more, offering practitioners from any tradition—or those just getting started—a traveler's guide through "the labyrinth of increasing subtlety" that defines a genuine spiritual life. *Eyes Wide Open* has received the following awards: 2010 Gold IPPY—New Age (Mind-Body-Spirit) • 2010 Gold Living Now Award—Enlightenment/Spirituality • 2010 Silver Nautilus

Award—Spirituality
This book is for both the experienced and novices to 'The Path' to enlightenment. It covers a wide range of experiences and problems that many share. It includes relevant exercises and practices for most of the topics as well as actual experiences of the writer and her students. Some preview readers comments: "It's everything I wanted and needed to know about spirituality but didn't know what to ask?" and "This is better than an encyclopedia of spirituality!" and "This book has explained things in a way that I really understand." and "I thought I knew a lot about this stuff

but WOW!" and "I wish I had this book when I first started my Spiritual Search. Thanks for filling in the blanks." A Disciple describes a singular journey with a universal appeal, on the path of Perennial Wisdom. There are lessons for us all as we recognise the call from our inner spirit, our yearning for 'something other' in a materialistic world that so often leaves us dissatisfied. There is another way for us to live, and A Disciple asks important questions about faith and spirituality and connects us with the power of meditation. The author believes passionately that it is meditation that

provides the foundation for a caring and compassionate future. The story is told with engaging candour, with tales from mythology, quotations from Rumi, and references to Sufi texts all adding colour to the Wisdom Teachings he is receiving. The wise ones spoke in parables and metaphor because that is the form that penetrates and transcends our defenses. We go to some deeper part of ourselves; non-linear and non-cerebral, which is what meditation is. A Disciple is a fascinating exploration about how meditation can not only awaken our latent potential to live the best lives

we can, but also transform the world. True to the title, this guidebook directs beginners on the spiritual journey. Author Jan Phillips, reared Catholic, has traveled through Buddhist, Hindu, and Muslim cultures merging dualities of East and West. A popular workshop leader for decades, she is a dynamic, upbeat, straight-talking, wise old woman in her own right, and her prose reflects her character. In warm, engaging language, she presents basic spiritual concepts and practices for the multitudes of Americans who have left traditional religion and are searching for a full-bodied, mind-

expanding, convincing spirituality The book consists of short essays and personal anecdotes. Each story incorporates the wisdom of various traditions, all suggesting the immanence of the Divine in our lives. Each chapter reframes the meaning of a typical road sign—such as YIELD for surrender, STOP for taking time for balance, LANE ENDS for giving up old notions. All in all, this lively book maps an adventurous trek from illusion to reality, fear to fulfillment, isolation to community. It invites us to go deeper and further, finding, at the end, that the journey is

everything. Here Rudolf Steiner provides a path from ordinary thinking to the practice and experience of living thinking. Considered by many to be his most important work. For centuries, seekers have used labyrinths and mazes as tools for meditation, reflection, healing, and spiritual growth. This deck of fifty-two cards is the ultimate spiritual tool for the 21st century. Using images of mazes and labyrinths to represent the spiritual path, here is a unique divination system for seekers of inner wisdom and spirit. Labyrinth Cards are easy to use for all ages, and can be

used either spontaneously or by referring to the included booklet. Use Labyrinth Cards to awaken your intuition and explore the challenges and opportunities in any given moment. If you are ready to be finished seeking, Liberation IS can be the final push. Through inquiries and experiments, you are guided to recognize your free essential being, and to realize that you are whole and complete and lack nothing, exactly as you are now. When this is clearly seen and becomes doubtless, liberation is. A spirituality of Paradox sounds like an oxymoron. But Bernard Tickerhoof

sees it otherwise. He grounds us in the Christian experience by exploring both the life and death of Jesus, who embodies the challenge the hope and the fulfillment of paradox. Paradox he says asks us to look at our lives as they really are. We need to recognize the times when our dreams are shattered and our paths are blocked. Paradox also affirms the fact that we can deal with the contradictions in our lives and move on to envision our dreams anew and discover new paths of the spirit that have yet to open up. "An inspirational guide that explores eight seemingly paradoxical lessons

on the road to personal growth, recovery, and spiritual development"-- Provided by publisher. This little book is packed with hundreds of suggestions & reminders that will support you in creating your own reality. Dick Sutphen has taught these metaphysical concepts for the last 20 years in his seminars & bestselling books. In THE SPIRITUAL PATH GUIDEBOOK, he condenses this wisdom to hundreds of short, life-changing concepts, & presents them in this easy to assimilate format. Some examples from the book: Scientists have proven that energy

cannot die. You are energy. You aren't going anywhere. * In accepting karma, you accept that you & you alone are responsible for your circumstances. Forgiveness follows, for you cannot hold others responsible for your experiences. * Science is based on the evidence of things seen. Faith is based on things not seen. * Faith is subconscious memory. * In one way or another, you get what you ask for in life. Be sure to ask for the right things. The book comes with a beautiful, full-color cover, & is printed on acid-free paper in a 6"x4" meditation-size paperback format. My poetry is my spiritual journey

into life, love, and pain. You will walk with me through the poetry as I tell my story. IaEUR(tm)ve lived an interesting life, and it reveals romance, heartbreak, tragedy, and the struggles and difficulties life bring. Also, it tells the story of how I found god and recovery from a seemingly hopeless state of mind and body that I allowed drugs and alcohol to place me in. this is my life written in poetry. David is een stille jongen met een voorliefde voor sneeuwkristallen. In zijn jeugd droomt hij al van gebeurtenissen die later werkelijkheid worden. Op zijn tweeëndertigste ontmoet hij Sandy.

Ze trouwen en gaan in Ohio wonen waar Sandy bevalt van een dochter, Grace. Wanneer David droomt dat Grace zal verdrinken, verlaat hij zijn gezin en reist naar de andere kant van de wereld. Vele jaren gaan voorbij. Heeft Sandy hem inmiddels vergeven? Zou Grace nog leven? In the realm of African spiritual pathways, no tradition is so widely embraced and practiced as the West African religion Orisa. Awakened by her own spiritual journey, Tobe Melora Correal, an initiated priestess in the Yoruba-Lukumi branch of Orisa, guides us along this blessed road. FINDING THE SOUL ON THE

PATH OF ORISA provides a fresh look at these ancient teachings and emphasizes introspection and inner work over the outward manifestations of Orisa's practices. Correal debunks misconceptions surrounding the tradition, drawing us into a lushly textured, Earth-centered spiritual system—a compassionate and useful roadmap for revering God. A Christian's interior journey filled with a wonderful, innovative blend of tradition and modern revelation. Georgiou explores answers to difficult spiritual questions. Subjects: Monastic and religious life (Buddhism) Spiritual retreat centers - China - Hong Kong - Designs and plans "This incredible book will assist you

on the path to wholeness, and help you live a life of balance and peace. Michael Mirdad helps us see life's lessons and tests as true 'initiations' that can help us open our hearts to connect on a deeper and more meaningful level with God.. As this happens we move closer to a more spiritual and enlightened life. The seven basic initiations involve different parts of ourselves from our bodies, minds, emotions and spirit. This book is not only to be read, but experienced. The message is to take those triumphs and tragedies of life and use them as pavers to continue to build our road to peace and happiness." The

term "spiritual transmission" refers to the passing of the state of enlightenment from teacher to student, which takes place in many spiritual traditions. In itself, the transmission is synonymous with the experience of enlightenment. But the fact that the student's experience is rooted in a relationship with a human teacher who is perceived to possess absolute knowledge lends the experience much of its intrinsic, yet hidden, nature. Following the breakup of his 21-year relationship with his own spiritual teacher, Amir Freimann launched a quest to

discover the deeper realities of the student teacher relationship, logging over 1,000 hours of interviews with students and teachers. These interviews reveal the promises and perils of the guru-to-student relationship and explore hot-button topics such as the differences and similarities between therapists and gurus; the role of trust vs. rationality in the spiritual quest; and how money, power and sex are dealt with during the course of a student's training. Spiritual Transmission includes never-before-published dialogues with many prominent spiritual teachers, plus a revelatory

afterword by renowned integral theorist Ken Wilber. If you have ever been involved with a spiritual teacher or know someone who has, you need this book. Interviewees in Spiritual Transmission include Peter (Hakim) Young, Andrew Cohen, Stephen Fulder, Christopher Titmuss, James Finley, Llewellyn Vaughan-Lee, Shaykh Fadhlalla Haeri, Sanie Bonder, Mariana Caplan, Mooji, Lakshmi, Barry Magid, Claire Slemmer, James Swartz, Diane Hamilton, Bill Epperly, Aliya Haeri, Thomas Steininger, Peter Bampton, Carolyn Lee, Terry Patten,
