I am a firm believer that when you know better, you do better. Today's children are tomorrow's future leaders of the world. We need to ensure that our children grow up with a good understanding of the seven major Universal laws. This will bring the world's future to a more peaceful and fulfilling time. By learning and practising these laws you will have an easier and more rewarding life. Without knowing these laws you will probably struggle and make bad life decisions. This book is composed of inspirational information to help young people understand each law. There is a creative story of each law that enhances and helps children learn how this law works in our daily lives. There are pages of beautiful full colour illustrations to help bring these stories to life. This book also includes a glossary for easier comprehension for your child. After reading Deepak Chopra's "The Seven Spiritual Laws for Parents" I got inspired by teaching these laws to my own children. Spiritual Laws apply to everyone and if everyone practiced these laws it would transform our daily living as we know it. Love and compassion could become enriched in our very existence. Everyone would have a fulfilling and successful life. By successful I mean a success that comes from inner fulfilment. The feeling you get when giving love and compassion for others. Showing joy and sharing it with others. The feeling of knowing your life has a purpose, and having a strong connection to the Universe, where you feel a sense of belonging. I have written a story about life situations for each Spiritual law. By reading about each spiritual law working in different situations, you will better understand the true meaning and value of these Spiritual laws. The inspiring knowledge, creative stories, and beautiful illustrations make this book a shame to miss out on.
