The Donor Jun 11 2022 From the New York Times bestselling author Sandi Lynn comes a brand new standalone romance. The only thing I ever wanted in life was a family of my own. I daydreamed about marrying the perfect man and starting a family more than I lived in reality. At the age of thirty and many failed relationships, I discovered that maybe marriage and the perfect husband wasn't in the cards for me. My biological clock was ticking so I decided to start a family on my own as a single woman living in New York City. After finding the perfect sperm donor from the New York Cryobank, I put my plan into motion. The only thing that mattered in my life was raising my child. Then, by some act of fate, I met a brutally handsome man. A man who didn't care that I was already pregnant. A man who made me swoon and swept me off my feet. He was too good to be true because as far as I was concerned, guys like him didn't exist. I trusted him and I fell in love, until I found out the truth about him and his motives. My name is Harper Holland, and this is my story. It all started with a bet. A bet between me and my best friend. He won, I lost, and it was time to pay up. He promised me nothing would ever come of it. But something did. I was a rich and successful businessman who topped the list of New York's most eligible bachelor. A man who was anti-relationship in every way. My grandfather didn't like the way I lived my life and offered me an ultimatum. He gave me one year to meet someone and fall in love or else the company that was rightfully mine would go to someone else. Harper Holland was beautiful and sexy. She was the perfect woman to ensure my grandfather signed his company over to me. After all, she was pregnant with my child, only she didn't know I was the father. Once I got my company, I would end the "so called" relationship. The problem was I never expected something so easy to become the hardest decision of my life. My name is Grayson Rhodes, and this is my story. 18+

*Zen Between Two Bicycle Wheels: Eat, Pedal, Sleep* Jan 06 2022 The Ecstasy, The Energy And The Courage Of Your Journey A blank spot on the map dances with your imagination. What treasures might it hold? As you swing your leg over the top tube, your touring bike allows you unlimited freedom of flight for your body, mind and spirit. Slip your hands into your riding gloves. Grab those handlebars. Press your feet onto the pedals. Click the brake handles. Slide your derriere onto the saddle. Look toward the distant horizon that beckons your dreams. Feel the energy coursing through your body. Make that first pedal stroke downward as your thighs lift you onto adventure highway. Time means nothing now. It slips away as easily as grains of sand on a wind-swept beach. But those grains only trade places. On your bike, you move into that blank spot—new locations in the passage of time. The pedaling becomes incidental—like breathing. The hills and mountains come and go—your legs powering over them in a kind of winsome trance. Grappling with headwinds brings determination; while riding a tailwind fetches ecstasy. Rain drenches you during a bicycle adventure, yet promises a rainbow. Bicycle travel demands you dig deep into the art of living. Each challenge lets you know you're vibrantly alive. You transform into a state of bliss, much like an eagle gliding over majestic mountains. You see them soaring, just living. You soar with them as you glide down a mountain grade. Those moments present you with uncommon

experiences that give your life eternal expectation. That's bicycle adventure!" Frosty Wooldridge, six continent world bicycle traveler.

**ARISTOCRACY** Apr 09 2022 Written from a Tai/Shan perspective, the intricate and often unsettled realities that existed in the Shan States from early times up to the military coup in 1962 are described in a comprehensive overview of the stresses and strains that the Shan princes endured from early periods of monarchs and wars, under British rule and Japanese occupation, and Independence and Bamar military regime. Part One covers chronological events relating them to the rulers, the antagonists, and the people and the continuing conflict in the Shan State. Part Two deals with the 34 Tai/Shan rulers, describing their histories, lives, and work. Included are photographs and family trees of the princes, revealing a span of Shan history, before being lost in the mists of time. The past is explained in order that the present political situations may be understood and resolved amicably between the Bamar government, the Tatmadaw, and the ethnic nationalities. One Night in Paris Apr 28 2021 AnnaI have two rules in life:1.Never marry someone you're not in love with.2.Do what makes you happy and not what's expected of you. I flew to Paris to spend my honeymoon alone after I left my fiancé and my life standing at the altar in California. I had my reasons and I wasn't going to let a perfectly good trip go to waste. My first night, I met a captivating man who was there on business and leaving the next morning to fly back to the States. I knew nothing about him, only his first name. Our one night together left a mark on me that I'd never forget. Little did I know that when I moved to New York, he'd be the man I'd be working for, a temporary job that fell into my lap by accident. My life was complicated enough, and it was about to get a whole lot more complicated.WesOne night in Paris. That was all it took to

make my trip complete. She was beautiful, smart, and addicting. I wanted to stay, but I couldn't. Why make things harder than they had to be? I flew back to New York and went about my business, trying to forget the one night we shared. Imagine my shock when I saw her standing in the doorway of my conference room as my temporary personal assistant. I had trust issues as it was when it came to women and for good reason. She lied to me and I couldn't trust her. She was complicated. Her life was complicated and now my life was feeling the same way.18+

**What If You** Feb 19 2023 Fear is the common response to things we can't believe in or conceive in our minds. We fear the unknown. Things we can't understand. Everly I was different, and I lived my life as low key as possible. My childhood wasn't easy, and relationships never worked out, so I stopped trying. I accepted the fact that I would more than likely grow old alone, and I was okay with that. The more men got to know me, the faster they ran. Then I met Asher Remington under unusual circumstances. For him, it was unusual, but for me, it was the norm. I was sent to New York to convince him not to go through with a merger that would end up destroying him and the company his father worked so hard to build. He thought I was crazy until he discovered the truth in what I had told him after he kicked me out of his hotel suite. My job was complete, and I needed to forget about him. But after spending one beautiful night together, it became impossible. The more time we spent together, the harder I fell. He was living in the shadow of a lie, only he didn't know it. If we were to have a chance together, he needed to know the truth, and he needed to put the past to rest. Asher Everly King was crazy. She was the craziest yet most beautiful woman I'd ever known. We met under very unusual circumstances. She saved me from making what would have been the most destructive decision of my life. I owed her. After spending one night with her, I craved more. Even though there were things about her that frightened me, I didn't want to stop seeing her. Then I let my guard down and feelings emerged. I couldn't allow it, and I needed to stick by the decision I'd made several years ago after an incident determined the course of my life. I needed to forget about her and let her go. There was no "us," and there never would be. The problem was the fear I had inside was giving in and it tried to reason with me. It kept asking the same thing over and over: what if you... 18+

**Love in Between** Oct 23 2020 My name is Lily Gilmore, and I was supposed to be getting married today. That was until I found my fiancée having sex with my sister in the church moments before I was supposed to walk down the aisle. I grew up with a father who was a womanizer and cheated on my mother every moment he had the chance. He would even stoop as low as to take me and my sister with him on his trysts when we were younger. Cheating was all I grew up with, and I vowed never to live the life my mother did. After finding my fiancée and my sister together, I moved from Seattle to Santa Monica to start a new life of independence and to focus on my passion for photography, man-free. -- My name is Luke Matthews. About a year ago, I lost the love of my life, in a tragic car accident. There are no words that can describe how I've felt the past year. My life and all my dreams had died with her in the accident. I exist, and I play my guitar to try and ease the pain. My love was taken away, and I will never get that back.

**De verdediging** Jul 20 2020 Sebastian Rudd is geen gewone advocaat. Hij werkt vanuit een kogelvrije bestelbus die helemaal aan zijn eisen is aangepast, compleet met internet, bar, koelkastje, comfortabele leren stoelen, geheim wapenvak en een zwaarbewapende chauffeur. Hij heeft geen kantoor, geen partners en slechts één werknemer: zijn chauffeur die ook fungeert als zijn bodyguard, juridisch assistent, vertrouweling en golfcaddy. Hij woont alleen in een klein, maar goed beveiligd appartement, en zijn voornaamste meubelstuk is een ouderwetse pooltafel. Hij drinkt goede cognac en is gewapend. Sebastian verdedigt mensen die andere advocaten nooit als cliënt zouden accepteren: een drugsverslaafde; een knul met tattoos die volgens zeggen lid is van een satanische sekte en wordt beschuldigd van het verkrachten en vermoorden van twee meisjes; een terdoodveroordeelde gangster; een huiseigenaar die is gearresteerd omdat hij schoot op een SWAT-team dat ten onrechte zijn huis binnendrong. Waarom deze cliënten? Omdat hij vindt dat iedereen recht heeft op een eerlijk proces, zelfs als hij, Sebastian Rudd, moet bedriegen om dat voor elkaar te krijgen. Hij heeft de pest aan onrechtvaardigheid; hij houdt niet van verzekeringsmaatschappijen, banken en grote ondernemingen; hij wantrouwt alle overheidsinstanties en lacht om de ethische voorschriften die binnen het juridische systeem gelden. Sebastian Rudd is een van Grishams kleurrijkste, extravagantste en levendigst beschreven hoofdpersonen ooit. De verdediging is levensecht, humoristisch en onmogelijk weg te leggen. Dit is John Grisham op zijn best.

**Being Julia** Mar 16 2020 My name is Julia, and I'm the daughter of Connor and Ellery Black. I may look like Daddy's little princess, but I'm far from it. My life consists of lying to my parents and sneaking out of the penthouse. My CEO millionaire father seems to think that at the tender age of sixteen, I'm too young to date boys. My mother, the artist, tries to stay neutral and doesn't say too much. My best friend London and I hang out almost every day. We love to shop, and we try to pick up all the bad boys that our parents wouldn't approve of. We occasionally get into trouble, but I can usually talk my way out of it, except for the time my father caught me and Brody Sullivan having sex in my bedroom. This is the story of my journey through life, in which I try to figure out who I am, from the time of my sixteenth birthday until the day I marry the man of my dreams, Jake Jensen. My aspirations, dreams, hard work, defiance, and smart mouth are all woven into one thing - me, being Julia!

**The Ring** Oct 15 2022 From the New York Times bestselling author Sandi Lynn comes a brand new romance about the lives of two people bound by destiny. Adalyn It all started with a ring. A beautiful ring I found at the bottom of the ocean while scuba diving on vacation. From the moment the ring was in my possession, bad luck followed me everywhere and turned my entire life upside down. On the inside of the band there

was an inscription: To my darling Mary. My soulmate for eternity. After a string of tragic events, the ring led me to New York hoping to return it to its rightful owner. That's where I met Harrison Grant. The man who swooped in and saved me from my near brush with death on the busy streets of New York City. He was handsome, rich, arrogant and unavailable emotionally. The last thing I wanted was any further contact with him. But by the hand of fate, the two of us were thrown together into a working relationship. It was an offer I couldn't refuse since I'd lost everything after finding the ring. My name is Adalyn Banks, and this is my story of how one ring changed my life forever. Harrison I was living my life the way I wanted by being successful, rich, and dating a multitude of beautiful women whenever I wanted. I wasn't tied down in a relationship, and I didn't answer to anybody but myself. Then I met Adalyn Banks. A woman who almost got run down in the middle of the busy New York City street. She was beautiful and innocent. The short time I spent with her, I felt a pull that I'd never felt before. I got away from her as fast as I could, and just when I thought it was safe, my sister hired her as my interior designer for the new townhome I purchased. I blamed the ring. If she never would have found it, she never would have come to New York, and I wouldn't be fighting the demons inside me I never had to fight before. My name is Harrison Grant, and this is my story of how one woman and a ring changed my life forever. 18+

**America's Overpopulation Predicament: Blindsiding Future Generations** Sep 02 2021 America's Overpopulation Predicament: Blindsiding Future Generations— The subject of this book will profoundly and adversely affect every man, woman and child on earth by 2050. Most of us have experienced a situation when we or someone we know has some critical knowledge to share that needs immediate action only to be told to wait our turn as other irrelevant topics are given attention. This author asks for his findings to be heard against an ocean of mediocrity as he relates his personal "eye opening" experiences from all over the world with similar emotion, I suspect, as Newton felt when he suddenly understood the force of gravity, or that of Archimedes when he shouted "Eureka" as he suddenly understood the method for measuring precious metal content in an object. Like the seer who catches a glimpse into the future, Wooldridge finds it hard to limit his efforts to the written word. For here we find as compelling a case for massive and immediate action as ever there was one. Here is a subject matter so extraordinary that it should be shouted from every rooftop. The information this book contains is imperative and irrefutable. It destroys the impotent etchings of any clay or gold tablets as a roadmap for humanity. Man or woman, young or old, it will entreat you to look ahead without bias to the stark reality of what is ahead for our nation and our world. Packed with references to support his case, and literally floating above contrary voices like whitecaps on the ocean, Wooldridge advances the case for the salvation of modern civilization. He suggests courses of action that will ultimately prove to be the only way to prevent humanity from vanishing like dust in the wind. K. R. Hampshire, Researcher and Entrepreneur, Denver, Colorado

**Love, Lust & Liam (Wyatt Brothers, Book 2)** Dec 25 2020 My name is Liam Wyatt, and my brother, Oliver and I are the founders and owners of Wyatt Enterprises. He found love and I was still trying. After dating a countless number of women throughout the years, I was ready to have a real relationship with the possibility of settling down. I could have any woman I wanted. So what's the problem you ask? I didn't want just any woman. I wanted the one. Unfortunately, I still hadn't found her until Avery Lewis walked into my life and turned my world upside down. She was everything I wanted in a woman all wrapped up in a beautiful and breathtaking package. The problem was she didn't want a relationship. She had built a wall around her and I was going to do everything I could to break through that wall and make her a permanent part of my life. My name is Avery Lewis and I moved to New York when I landed a job at Finn, Muir & Abernathy, one of the most influential law firms in the country. I moved from Danbury, Connecticut when an office romance went bad and I wanted to start my life over, focusing on my career and my career only. Men were off limits. A girl could only take so much heartbreak in a lifetime. Then Liam Wyatt walked into my life and turned my world upside down. He was a man who could have any woman in the world, but yet he wanted me. Sexy, smart, and genuinely a nice guy wasn't enough for me to let my half glass/half stone wall I built around me down. The problem was that I was falling for him on such a deep level that it scared me. Between my past and my daddy issues, the poor guy didn't stand a chance. He was determined to make me a part of his life and I was determined to run. For ages 18+

**She Writes Love** Jan 26 2021 Two lives, two losses, and one meeting that changed their lives forever. Learning to move on and to love again isn't always easy. The circle of life. It's something we all know about but are never truly prepared for the unexpected. The unexpected that comes out of nowhere. No warning, no heads up, nothing. Just God giving us pure bliss and happiness and then taking it away in the blink of an eye. When you think of people dying, you think of the old who have fully lived their lives. You don't think about the younger people who have just begun to build their futures, nor do you think about the children that have just begun to live. It's cruel and it's unwanted. It leaves us devastated and to the point where we feel we can't go on. It leaves a hole, an empty space in our hearts that stays with us until we heal. We all heal eventually, right? As the days go on and the years pass by, we never forget the ones we lost and we never forget the pain they left behind. But we do manage to feel somewhat normal again - maybe not completely - but we have no choice. For me, losing my husband to a massive heart attack on our one-year wedding anniversary, and at the age of twenty-seven, was something I didn't think I could ever heal from. The emptiness, the loneliness, the numbness, and the need just to get through the day was overwhelming. My name is Paisley Logan and this is my story. Life. Full of surprises, disappointments, and heartache. It's strange how we live life with certainty. We're certain that we'll find the love of our life, get married, have children, and live happily ever after. No one is ever prepared when a life-threatening illness hits. We're so busy living our daily lives that we don't think about such things. I was naïve until my wife was diagnosed with cervical cancer and passed away less than a year later. I was angry. She was the love of my life and we'd only been married five years. We wanted to start a family, and it was when she had trouble getting pregnant that she was diagnosed. I'd never lost anyone before. I'd never experienced death. I felt like God was playing a cruel joke on me. How could he bring her into my life and then take her away so young. Even the best laid plans in life get altered. Mine did. Everyone kept telling me that time would heal all wounds, but this was a wound that would never fully be healed. Trying to get back to the normalcy of life was exhausting, so I didn't try anymore. My name is Ben Preston and this is my story.

*Rewind Jun 30 2021* From New York Times bestselling author Sandi Lynn comes a love story about defying the odds and second chances. Do you believe in fate? Do you believe in soulmates? Do you believe in second chances? Quinn Since the car accident, I felt like my life was a giant puzzle and I was missing the vital piece that would complete me. Little did I know I would find my missing piece in New York City. He was handsome, kind, and I felt something the moment I met him that I never felt before. For the first time in twelve years, I was happy, and I was convinced that nothing could destroy that feeling. Noah The day I saw her in the art gallery was the day I felt like life had been breathed into me again. She was beautiful and she didn't know who I was. She felt

something. I could see from her eyes and the way she smiled at me that she felt the same connection I felt. She fell in love with me, but I had a secret. A secret that could possibly destroy us. Was it worth taking the risk? What I wouldn't give just to be able to rewind time. 18+

**Playing the Millionaire** Dec 13 2019 I had six rules I lived by: 1. Know your mark. 2. Listen and never look bored. 3. Never reveal your true self. 4. Never stay in one place too long. 5. Exit as smoothly as you entered. 6. Never fall in love. I was a charmer, a seducer, and the woman that men were hungry to get their hands on. Rich men never should have trusted me, but they did. It was stupidity on their part. Things were going well and I was doing what I was supposed to do, until I ripped off the wrong millionaire. A millionaire who came after me with a vengeance. My name is Kate Harper and this is my story. I was the CEO of Quinn Hotels, one of the largest hotel chains in the world. I met Kate Harper on an airplane back from Seattle to New York. She was captivating and had my attention the moment I laid eyes on her. But she was far from the person she said she was. After parting ways at JFK airport, I discovered she ripped me off. I never thought I'd see her again, but fate stepped in and we crossed paths. This time I wasn't letting her go until her debt to me was paid. She was every kind of wrong, but that didn't stop the feelings that emerged while I kept her in my possession. My name is Gabriel Quinn and this is my story.
