*An Insiders; Style Guide to First Impressions ; The Truth About What Matters Most by Natalie Logan is a fun and entertaining short read. Athens Greece ; The Parthenon, which stands atop the Acropolis of Athens, is the most famous surviving building of Ancient Greece. Throughout its long life, the Parthenon has functioned most importantly as a Greek temple, but has also been a treasury, a fortress, a church, and a mosque. Today, it is one of the most recognizable icons and popular tourist attractions in the world. First Impressions content: Make a Great First Impression Stand, Walk, and Sit with Distinction Voice and Speech Personality Etiquette Carefully Groomed Style Lifestyle and Goals Sign Up For the Best Life Has To Offer Make Your Differences Your Strengths Aauvi Insiders; Style Guide Series ; There is something great about A-list living and First Impressions, the first book of a twenty-one book series, is the first step to achieving such an extraordinary life. It's just a glance, and may just take three seconds, for someone to pass judgment on you; whether you are in or out. Success comes to those with integrity, those that are resourceful, and those that make a fabulous impression. The indispensable new work from the author of the international and Sunday Times bestseller The Art of Thinking Clearly Have you ever... · Spent too long on a powerpoint presentation? · Lost sight of what makes you happy? · Failed to reach a long-term goal? · Become infuriated by queuing, tax or parking tickets? · Broken a promise you knew you'd keep? Since the dawn of civilization, we've been asking ourselves what it means to live a good life: how should I live, what will truly make be happy, how much should I earn, how should I spend my time? In the absence of a single simple answer, what we need is a toolkit of mental models, a guide to practical living. In The Art of the Good Life, you'll find fifty-two intellectual shortcuts for wiser thinking and better decisions, at home and at work. They may not guarantee you a good life, but they'll give you a better chance. 5 Principles That Will Change Your Life Would you like to achieve all your goals, become successful and reach your full potential-either in your current career, a new business venture or simply in your personal life? Do you think about all the changes you need to make in*

*your life and wish for change but aren't sure how to get started? It is possible to reach your goals and attain the success you've always wanted and the steps probably aren't as overwhelming or intimidating as you imagine they might be. Street Smarts contains a series of proven principles and insights I've gathered through the years I spent living in the streets. These principles helped me go from being homeless to becoming a successful entrepreneur in the digital industry. The good news is, no matter at what point you're at in your own life, you can also make the positive changes you need to become successful. In Street Smarts, I lay out simple principles and insightful ideas and show you how to apply them in your daily life in order to reach your goals. This book is a simple step-by-step guide with exercises that will encourage you to take action and apply these philosophies to your daily life. By adhering to the following advice, you will be able to accelerate your results, analyze what you are currently doing to see what's working and what's not, and make the necessary changes to live a happier and better quality of life. Love, death, religion, relationships-these subjects typically inspire collections of poetry. But business? Most people think of business and poetry as two separate and incompatible areas of life. In February 1991, Alan Farnham expressed this common belief when he wrote in Fortune Magazine, "Not many people in business feel an urge to write verse about their work." Challenged by this statement, Ralph Windle began a three-year search for the poetry of business life-and found a profusion of verse exploring all aspects of business. The author's research revealed that not only is there a large body of business poetry in existence today, but business has been the subject of poems since the invention of the written word. The poems in this collection range from early "agribusiness" to the ever-present entrepreneur, merchant, banker, and-with the coming of the industrial age-the worker and manager; right up to twentieth-century concerns with global travel, technology, and the complexities of office life. Included are the works of more than seventy poets, and twice that many pieces. Young, unpublished "business poets" rub elbows with widely published contemporary writers such as James Autry, Harry Newman, and Dana Gioia, as well as some of the most distinguished names in poetic literature-including Shakespeare, Chaucer, Tennyson, and Kipling. With poems that cover a wide variety of topics and professions-from David Alpaugh's "A California Adman Celebrates His Art" to Richard Ellis Roberts' "Overheard at the Literary Party"; from Constance Alexander's "Outplacement Blues" to Bertie Ramsbottom's "Death By Merger"-this anthology offers something for every reader. In an age when most people spend the majority of their waking lives involved in some kind of business, it seems natural that poetry, which is the essence of human emotional records, would be affected by business concerns. Business, writes the author, "now touches all our lives and consumes, for ever growing numbers of us, our work, time, energies and passions. Yet few, it is supposed, could find inspiration in its banalities." The size and scope of The Poetry of Business Life easily prove this supposition wrong. Many contemporary business people write verse about their experiences-serious and humorous-as they seek an outlet for their creativity. Business people and their organizations mutually gain from this expression by sending signals to the world that human sensitivities are highly compatible with effective business performance. Humor, insight, sadness, wisdom, and anger are all represented in this unique collection and offer a dynamic, living picture to all people in organizations, their families, and the wider professions as well. Business speech-writers, too, will find in it a rich treasure-trove of choice quotations. Building a successful company and career doesn't mean sacrificing your family, health, or life. You check email the moment you lift your head off the pillow in the morning. You bring work with you on vacation, sneak glances at your smart phone during family dinners, and take business calls and texts at your kid's sports games. It's as if you've been forced to make a choice between your company or your life, sacrificing time for yourself and family for the sake of career success. But it doesn't have to be that way. The most successful business leaders have learned to bust through the direct one-to-one relationship between hours worked and value created by refocusing their company,*

department, or team's best talent and attention on their highest value activities—generating hundreds, even thousands, of hours of value in the process. In *The Freedom Formula*, Wall Street Journal bestselling author and successful entrepreneur David Finkel will help you operationalize working smarter. No fluff, no theory, Finkel shares the detailed blueprint to create maximum value for your company without working nights, weekends, or while on "vacation." You'll learn: • Why working longer and harder doesn't pay off (and what actually does) • Why the 80-20 principle doesn't go far enough (and how to take it to its most productive extreme) • How to escape the Time and Effort Economy • How to structure your day and week so that you reclaim five or more hours each week in usable blocks of your best time • How to leverage the five Freedom Accelerators to get your life back faster And much more! Whether you're a business owner, top executive, key manager—or aspire to be one—*The Freedom Formula* offers a radical new approach to structuring your time and priorities (and your team's) in order to reclaim hours of your day—and the freedom to live your life, not just your job. Are you an entrepreneur with a business or business idea? Do you want to start, run, and grow your business without worry, doubt, and fear of failure? Maybe you've been running one or more businesses, but can't get over the stress and worry that your business will suddenly fail. Fear not. Derived from tried-and-true principles discovered by some of history's most successful people, this book identifies five practices that, if followed daily for just a few minutes, will help you be successful. This is NOT a "How to Start a Business" book. Starting a business isn't the problem. Maintaining a lifestyle to stay successful, however, does take work. But when formed into daily practices, your habits no longer seem like hard "work" but, rather, a lifestyle that you enjoy and that keeps you happy, calm, and at peace with your business and relationships. *Entrepreneurship Lifestyle* outlines 5 specific practices that can take you just minutes, and will keep you focused, calm, and excited about your ventures. You'll live a balanced and healthy lifestyle, while improving your business. You'll be a successful entrepreneur. Written in a straightforward and accessible style, "Enough" inspires and enlightens in equal measure. Bogle offers his unparalleled insights on money, values, and what the true treasures are in life. Everybody knows about the customary models for profiting. There are a couple of choices accessible: Either you work for someone as a worker, or you work as a self-manager, or you maintain a type of business. Each of these has their very own arrangements of focal points and hindrances to weigh up. In any case, they all, for the most part, suggest that you will be effectively working for various specified hours consistently and that you get paid as needs are. You are regularly restricted to working from a specific area, and as a general rule, this isn't from your home, which prompts one of the cerebral pains of cutting-edge living: driving. There is a lot of material accessible regarding the matter on the internet. Furthermore, as a general rule, there is a value joined to these (let's face it, you need to go through some money to make some money). In any case, the difference here is that putting resources into this examination offers you something in return for the money that you can use to begin your business. Website van de Lean in-op Facebook Volg Lean in-op Twitter Do you desire to find a healthy balance between your personal and professional life? If, like many before you, you answered yes, Norman Gaither's *Bringing Balance to Business and Life* is the resource for you. Drawing from over thirty-five years of executive training and management, Norman offers tips and strategies for the worker, manager, or executive struggling to stabilize his or her home and work lives. Incorporating real-life experience and hypothetical stories, humorous anecdotes, and valuable advice, Norman proves that bringing your personal and professional lives into harmony is crucial and doable. If you employ the tools Norman shares, you'll never again question *Bringing Balance to Business and Life*. IF YOU BELIEVE THAT: Being your own boss can be a great career choice Success is what you decide it is Doing what you have a passion and talent for can be very profitable Monetary risk, hard work, and new ideas should be financially rewarded Understanding the business basics every successful owner focuses on—and in what

order—would be beneficial Success works for you only after you've worked for it Marketplace battles are won before they are played Knowing what owning a business is really like would make ownership success a lot easier Change can create great opportunities Knowing when to exit a business is as important a life and business decision as becoming an entrepreneur in the first place **THEN THE FACTS OF BUSINESS LIFE IS FOR YOU!** Written by a successful business owner with four decades of experience, *The Facts of Business Life* is full of real-world concepts that owners must use and embrace if they want to become and stay successful. This multiple award-winning book has been endorsed by some of America's top business leaders, like Steve Forbes and Ken Fisher, and has been recognized as "one of the best five business books of the year" and "a must read for entrepreneurs or those wanting to be one." McBean begins with clear explanations and real-life examples of the seven Facts of Business Life that every successful business owner knows and executes consistently, including exactly what they are as well as how and when to use them. He then goes on to show how those facts impact on the five levels every successful business passes through, from "Ownership and Opportunity" to "Moving On When It's Time to Go," explaining that while the facts themselves remain the same, as a business becomes successful and moves through its life cycle, the way they are applied must change to fit changing circumstances. But there are even more reasons why this breakthrough business book is a must read, including: Its principles are based on the author's own experience in starting and running successful businesses in a variety of industries. It shows that the most successful business people create profitable opportunities rather than wait for them to present themselves. It enables readers to analyze the likelihood of their own success based on the characteristics most successful owners have. It reveals the #1 priority for all owners and their employees, and why every owner needs to continually focus on it (Hint: it's not being profitable). It emphasizes that becoming successful is no guarantee that success will last, and that success itself can be a trap that eventually leads to failure. It shows that a business's culture isn't just a mission statement but also the processes created to operate the business and the employees who implement them. It discusses the steps that must be taken even before a business is started to increase the odds of its becoming a lasting success. It covers every step in a business' life cycle, including the last one, showing that the best time to exit a business is when you don't have to, and that unless you pick that time, someone else will. **MANY BUSINESS BOOKS INCREASE THEIR READERS' KNOWLEDGE—THE FACTS OF BUSINESS LIFE NOT ONLY INCREASES THAT KNOWLEDGE, IT SHOWS YOU HOW TO TURN IT INTO PROFITS.** The book is not only valuable, it is readable and...featur[es] three sterling chapters toward the end.'--COMMONWEAL Most books on the biotechnology industry focus on scientific and technological challenges, ignoring the entrepreneurial and managerial complexities faced by bio-entrepreneurs. *The Business Models for Life Science Firms* aims to fill this gap by offering managers in this rapid growth industry the tools needed to design and implement an effective business model customized for the unique needs of research intensive organizations. Onetti and Zucchella begin by unpacking the often-used 'business model' term, examining key elements of business model conceptualization and offering a three tier approach with a clear separation between the business model and strategy: focus, exploring the different activities carried out by the organization; locus, evaluating where organizational activities are centered; and modus, testing the execution of the organization's activities. The business model thus defines the unique way in which a company delivers on its promise to its customers. The theory and applications adopt a global approach, offering business cases from a variety of biotech companies around the world. Onze economie is efficiënter dan ooit, met een krachtig en wereldwijd kapitalisme dat zich ontwikkelt tot superkapitalisme, aldus Robert B. Reich. Dat superkapitalisme versnelt de economische groei, maar leidt tot een groter wordende ongelijkheid in rijkdom, verhoogde onzekerheid in werk en inkomen, en een groeiend broeikas effect. Tegelijkertijd raakt de democratie, waarin de politiek verantwoordelijkheid neemt voor regels en beslissingen, en voor de

rechtvaardige verdeling van zorg voor alle burgers, in de verdrukking. Bedrijven hebben meer en meer invloed op de politiek, de politiek verliest haar geloofwaardigheid en burgers gedragen zich uitsluitend nog als consumenten en verliezen de principes van het burgerschap uit het oog. Dit is een ongewenste situatie waar we een halt aan moeten toeroepen. Reich zet een koers uit voor een maatschappij met een sterk kapitalisme en een even sterke democratie, waarbij de politiek het primaat voert over regelgeving en over een eerlijke verdeling van welvaart en welzijn, en waarbij de burgers zich betrokken voelen en verantwoordelijkheid nemen.' The personally revealing and complete biography of the man known everywhere as "The Oracle of Omaha"—for fans of the HBO documentary *Becoming Warren Buffett* Here is the book recounting the life and times of one of the most respected men in the world, Warren Buffett. The legendary Omaha investor has never written a memoir, but now he has allowed one writer, Alice Schroeder, unprecedented access to explore directly with him and with those closest to him his work, opinions, struggles, triumphs, follies, and wisdom. Although the media track him constantly, Buffett himself has never told his full life story. His reality is private, especially by celebrity standards. Indeed, while the homespun persona that the public sees is true as far as it goes, it goes only so far. Warren Buffett is an array of paradoxes. He set out to prove that nice guys can finish first. Over the years he treated his investors as partners, acted as their steward, and championed honesty as an investor, CEO, board member, essayist, and speaker. At the same time he became the world's richest man, all from the modest Omaha headquarters of his company Berkshire Hathaway. None of this fits the term "simple." When Alice Schroeder met Warren Buffett she was an insurance industry analyst and a gifted writer known for her keen perception and business acumen. Her writings on finance impressed him, and as she came to know him she realized that while much had been written on the subject of his investing style, no one had moved beyond that to explore his larger philosophy, which is bound up in a complex personality and the details of his life. Out of this came his decision to cooperate with her on the book about himself that he would never write. Never before has Buffett spent countless hours responding to a writer's questions, talking, giving complete access to his wife, children, friends, and business associates—opening his files, recalling his childhood. It was an act of courage, as *The Snowball* makes immensely clear. Being human, his own life, like most lives, has been a mix of strengths and frailties. Yet notable though his wealth may be, Buffett's legacy will not be his ranking on the scorecard of wealth; it will be his principles and ideas that have enriched people's lives. This book tells you why Warren Buffett is the most fascinating American success story of our time. Praise for *The Snowball* "Even people who don't care a whit about business will be intrigued by this portrait. . . . Schroeder, a former insurance-industry analyst, spent years interviewing Buffett, and the result is a side of the Oracle of Omaha that has rarely been seen."—*Time* "Will mesmerize anyone interested in who Mr. Buffett is or how he got that way. *The Snowball* tells a fascinating story."—*New York Times* "If the replication of any great achievement first requires knowledge of how it was done, then *The Snowball*, the most detailed glimpse inside Warren Buffett and his world that we likely will ever get, should become a Bible for capitalists."—*Washington Post* "Riveting and encyclopedic."—*Wall Street Journal* "A monumental biography. . . . Schroeder got the best access yet of any Buffett biographer. . . . She deals out marvelously funny and poignant stories about Buffett and the conglomerate he runs, Berkshire Hathaway."—*Forbes* "The most authoritative portrait of one of the most important American investors of our time."—*Los Angeles Times* The motivation of this book is the need for understanding the new challenges in business world, commercial or social organizations have to face some challenges such as competition, economic burden, innovation, change, ethics, customer loyalty, satisfaction and social responsibility. These modern challenges bring new opportunities for any organization, besides some threats. The most important way to become a developed country is to have a competitive industry in today's global world. The other issue is also an innovation which is especially considered by commercial organizations.

They are finding innovative ways of making their existence in the world. On the other hand, change is an inevitable fact for any business in today's fast-moving competitive environment. In addition, customer loyalty became as a remarkable research topic. Nevertheless, satisfaction is one of the newest challenges that means measuring how happy workers and consumers are with their working environment and life. In addition to this, nowadays, businesses started to use digital human resources systems for performing human resource functions. By the way, in recent years, consumption has begun to be examined as a social process that satisfies the psychological needs such as creating and presenting the self, identifying the status or social class, building relationships with others, influencing people in the environment or admiring oneself and proving themselves. How many self-help books are written by authors whose biggest success is selling self-help books? *Three Simple Steps* is different. Despite stock market crashes, dot-com busts, and the specter of recession, the author started a virtual company from home, using a few thousand dollars of his savings. A few years later, without ever hiring an employee or leaving his home office, he sold it for more than \$100 million. As the economy slipped into another free fall, he did this again with a company in a different field. He accomplished this through no particular genius. Rather, he studied the habits of the many successful men and women who preceded him, and developed three simple rules that, if followed diligently, virtually ensure success. Using them first to escape poverty, then to achieve a life of adventures, he finally turned them toward financial independence. Written in a straightforward and no-nonsense style, *Three Simple Steps* shows you how to take back control of your destiny and reshape your mind for increased creativity, serenity and achievement. While building on the wisdom of great thinkers and accomplished individuals from East and West, *Three Simple Steps* isn't a new age text or guide to esoteric fulfillment. Rather, it's a practical guide to real-life achievement by a pragmatic businessman who attributes his incredible successes to these very simple ideas. *Three Simple Steps* is a must-read guide for everyone who wants to achieve more, live better and be happier. *Brill Research Perspectives in Multilingualism and Second Language Acquisition* provides in-depth and authoritative surveys of key topics within these disciplines. The articles are written by leading scholars in the field who have been invited to contribute and not only give an overview of the field but also their own unique perspective on it. References are hyperlinked to the original sources where possible, giving scholars the opportunity to stay on top of the literature or reading up on a subject quickly. Kevin O'Leary shares invaluable secrets on entrepreneurship, business, money and life. Can you make millions just by "visualizing yourself rich" as some business prophets suggest? Don't buy it, says Kevin O'Leary. If you want to be a successful entrepreneur and amass wealth, you're going to have to work for it. But the good news is: with the right guidance, focus and perseverance, you can turn entrepreneurial vision into lucrative reality and have the personal freedom that only wealth can buy. Kevin O'Leary would know. The much-feared and revered Dragon on the immensely popular show *Dragons' Den* (and *Shark Tank* in the U.S.) started his company in his basement with a \$10,000 loan from his financially savvy mother. A few years later, Kevin sold that company for more than four billion dollars. In this compelling, candid and, above all else, brutally honest business memoir, Kevin provides engaging, practical advice and lessons that will give anyone a distinct competitive edge. Are you tired of your job? Looking for something more rewarding and profitable? Have you ever thought, or been told, "You should write a book, or start a business!" Well, it's time to give it a shot. Jesse Tevelow has self-published two books (*Authorpreneur* is his third), which are both #1 bestsellers on track to generate \$30,000 per year in passive income. And that's just for starters. He also used his books to launch a business that banked over six figures in its first year. Other part-time authors are doing far better, earning six, or even seven figures per year. Many have leveraged their books to build fulltime business ventures. This wasn't possible ten years ago, but the publishing industry has changed. People are finding unparalleled freedom and wealth through writing, and you can

too. *Authorpreneur* will show you how. From the creator of *Product Launch Formula: A new edition of the #1 New York Times best-selling guide that's redefined online marketing and helped countless entrepreneurs make millions. The revised and updated edition of the #1 New York Times bestseller Launch will build your business - fast. Whether you've already got an online business or you're itching to start one, this is a recipe for getting more traction and a fast start. Think about it: What if you could launch like Apple or the big Hollywood studios? What if your prospects eagerly counted down the days until they could buy your product? And you could do it no matter how humble your business or budget? Since 1996, Jeff Walker has been creating hugely successful online launches. After bootstrapping his first Internet business from his basement, he quickly developed a process for launching new products and businesses with unprecedented success. And once he started teaching his formula to other entrepreneurs, the results were simply breathtaking. Tiny, home-based businesses started doing launches that brought in tens of thousands, hundreds of thousands, and even millions of dollars. Whether you have an existing business or you're starting from scratch, this is how you start fast. This formula is how you engineer massive success. Now the question is this: Do you want to start slow, and fade away from there? Or are you ready for a launch that will change the future of your business and your life? Discover how you too can create an online business around your passion and lifestyle so you can work when, where and how you want!* Sheba Blake Publishing is here to help make difficult topics easy to understand. We help everyone be more knowledgeable and confident. Whether its learning about complex business topics, spirituality or building your self esteem; people who rely on us, rely on the information we provide to learn the critical skills and relevant information necessary for success. So join us on our journey of self improvement! A business model designed to help those who sell their time—to build scalable businesses and achieve lifestyle freedom. Most business models are for tech, product, large firms/agencies, startups, or people who love the hustle. *It's Go Time* introduces a methodical system for building a business that is aligned with sharing one's gifts, finding life's purpose, and making great and consistent money. Jill McAbe created the *Expertise-Based Business Model* and wrote *It's Go Time* to help people who have not previously had a place to turn. In this book, she identifies how to remove subconscious blocks in order to build a great business. The COVID-19 pandemic has served a reminder that we need to seize every opportunity to realize our dreams. *It's Go Time* charts a course for how to do exactly that. The mainstream perception of Russian business today is framed by images of wild capitalism and a Dutch-diseased resource-dependent economy with poorly functioning rules and institutions. Despite the continued relevance of these issues in the current environment, readers of this book will discover that business in Russia has undergone a remarkable transformation. Important characteristics of the contemporary Russian business climate include the rise of a new generation of Russian business leaders and entrepreneurs, a variety of innovative and adaptive business strategies developed to respond to the increasingly VUCA world, a confident middle class with significant purchasing power, as well as a surprising level of integration in the world economy, including increasingly with China and its Belt and Road Initiative (BRI). These evolving developments have received little attention from researchers and practitioners. This book has been written by Russian experts and thought leaders to address this knowledge gap. The five sections provide a diverse but integrated set of opinion pieces, analyses and cases about Russian business covering markets and macro perspectives, strategy and governance, innovation and entrepreneurship, internationalization and leadership. The aim is to overcome preconceptions by illustrating the underreported and multifaceted nature of the life of Russian business and take the reader closer to what is really happening on the ground. The book contains more than 50 contributions from 54 authors representing opinion leaders in Russia and abroad including prominent academics and businessmen. *The Life of Russian Business* is aimed at practitioners, policy-makers and educators, as well as those generally interested in Russia. By

disseminating state-of-the-art insights on Russian decision-makers and institutions, the book ultimately delivers a well informed and balanced guide for those wishing to participate in Russia's economy. Endorsements "This book, with its 50 contributions from scholars, thought leaders, entrepreneurs, and business leaders opens a door to Russia's institutions, management practices and economic potential. The book fills an important gap in the literature and is a must for practitioners of trade and investment along the Belt and Road Initiative (BRI). Chinese and Asian readers will enjoy the fresh and dynamic stories, the rich detail, and the privileged insights into the present and future of Russia." — Professor Tony Chan, President, The Hong Kong University of Science and Technology (HKUST) "In the Russian Federation, the shelf life of inquiries into the country's business practices and institutions has always been short. This is all the more true for the past 3–5 years, which have seen a series of important changes in Russia's economic context and structure. This book, which brings together a wide range of expertise and voices, will be useful to readers both in Switzerland and beyond by providing them with up to-date insight into 'the life of Russian business,' covering both the challenges and opportunities." — Yves Rossier, Ambassador to the Russian Federation, Embassy of Switzerland, Moscow This book examines the daily practices of men and women in the 17th through 19th centuries to budget successfully and make ends meet. The author shows the many ways businesses worked, such as pawning, selling, and borrowing on a regular basis, as well as the strong role gender played in the division of responsibilities. This book will help an organization, team or individual leader create a solid foundation for transformation in their business or life. Through the use of a proven and easy-to-follow model, along with focused exercises and questions requiring careful thought and deep personal reflection, ACTIVE TRANSFORMATION guides the formation of key building blocks that support true and lasting transformation. Author Mark Uhlenberg, an executive coach, consultant and business leader, shares his rich and robust perspective on the nature and principles of transformation gained through years of practical experience and thousands of hours of client coaching . The concepts and processes provided are as practical and applicable as they are sound. For any leader serious about genuinely transforming their business or self, this book provides a proven path forward and will help them learn the essential and fundamental skills of Active Transformation. Many books are touted as being "life-changing" but few truly are. For those willing to commit themselves to a process with intensity and rigor, and engage in the reflection required to gain clarity, this book will change them. This book provides a lighthearted yet realistic look at what starting a business with your spouse or significant other can look like. The authors have a successful architectural salvage business, which was realized by commitment, hard work, self-awareness, and communication. Filled with stories and practical advice, Business Life of Husband & Wife is an easy-to-read handbook for people who are currently in business with their life partner, or who are thinking about it. Praise for The Power of an Hour "The master at getting what you want from others now tells us how to get what we want from ourselves! This is really a great book, and I recommend it highly-for you, for your team, and for your children." -Bob Burg, author, Endless Referrals "If you want to make predictable, systematic change in your life or your business, buy this book. Each chapter is a stand-alone system that results in powerful change . . . fast." -David Hancock, The Entrepreneurial Publisher, CEO, Morgan James Publishing "Dave's methods helped me take my business from \$0 to \$10 million in sales.If you're a creative business owner who wants total focus and massive success, run, don't walk, and get this book!" -Stephanie Frank, author, The Accidental Millionaire "The Power of an Hour is a mighty powerful way to sort out your finances by first sorting out yourself!" -Mark Joyner, #1 bestselling author, The Irresistible Offer "The disease of the twenty-first century, no matter who you are or what you do, is Time Deficit Disorder. Dave Lakhani offers a brilliant solution in this book. Get it and take the cure-you'll be surprised how much better you feel!" -David Garfinkel, author, Customers on Demand With a millennial approach, Legend Men's Magazine is the
