HOLINESS;BEING PLAIN PAPERS ON ITS NATURE, HINDRANCES, DIFFICULTIES AND ROOTS Mar 12 2022 The twenty papers contained in this volume are a humble contribution to a cause which is exciting much interest in the present day-I mean the cause of scriptural holiness. It is a cause which everyone who loves Christ, and desires to advance His kingdom in the world, should endeavor to help forward. Everyone can do something and I wish to add my mite. The reader will find little that is directly controversial in these papers. I have carefully abstained from naming modern teachers and modern books. I have been content to give the result of my own study of the Bible, my own private meditations, my own prayers for light, and my own reading of old divines. If in anything I am still in error, I hope I shall be shown it before I leave the world. We all see in part, and have a treasure in earthen vessels. I trust I am willing to learn.

The Breathing Through Paper Poetic Idol Award Anthology 2K12 Dec 21 2022 a word from . . . Karama Sadaka Sometimes even the greatest of ideas can suffer from lack of planning and flawed execution. This was NOT the case however with The Poetic Idol Competition. From the competitors themselves all the way over to the judges, everyone gave it their all from the moment the mic was first opened allowing us to share and be inspired. Some of us called in from the road, our jobs and even from the hospital (yikes!). We laughed, we cried, screamed and shouted, but we all came away each week feeling like we truly shared a moving experience. In the end, it was something I personally won't forget anytime soon and I have no doubt it will be even better next "season". Please enjoy the offerings from our community presented here. Karama Sadaka

THE FEDERALIST PAPERS Nov 15 2019 AFTER an unequivocal experience of the inefficacy of the subsisting federal government, you are called upon to deliberate on a new Constitution for the United States of America. The subject speaks its own importance; comprehending in its consequences nothing less than the existence of the UNION, the safety and welfare of the parts of which it is composed, the fate of an empire in many respects the most interesting in the world. It has been frequently remarked that it seems to have been reserved to the people of this country, by their conduct and example, to decide the important question, whether societies of men are really capable or not of establishing good government from reflection and choice, or whether they are forever destined to depend for their political constitutions on accident and force. If there be any truth in the remark, the crisis at which we are arrived may with propriety be regarded as the era in which that decision is to be made; and a wrong election of the part we shall act may, in this view, deserve to be considered as the general misfortune of mankind. This idea will add the inducements of philanthropy to those of patriotism, to heighten the solicitude which all considerate and good men must feel for the event. Happy will it be if our choice should be directed by a judicious estimate of our true interests, unperplexed and unbiased by considerations not connected with the public good. But this is a thing more ardently to be wished than seriously to be expected. The plan offered to our deliberations affects too many particular interests, innovates upon too many local institutions, not to involve in its discussion a variety of objects foreign to its merits, and of views, passions and prejudices little favorable to the discovery of truth. Among the most formidable of the obstacles which the new Constitution will have to encounter may readily be distinguished the obvious interest of a certain class of men in every State to resist all changes which may hazard a diminution of the power, emolument, and consequence of the offices they hold under the State establishments; and the perverted ambition of another class of men, who will either hope to aggrandize themselves by the confusions of their country, or will flatter themselves with fairer prospects of elevation from the subdivision of the empire into several partial confederacies than from its union under one government.

[Studia Patristica. Vol. CXXVI - Papers presented at the Eighteenth International Conference on Patristic Studies held in Oxford 2019](#) Jan 22 2023 The successive sets of Studia Patristica contain papers delivered at the International Conferences on Patristic Studies, which meet for a week once every four years in Oxford. These papers range over the whole field, both East and West, from the second century to a section on the Nachleben of the Fathers. The majority are short papers dealing with some small and manageable point; they raise and sometimes resolve questions about the authenticity of documents, dates of events, and such like, and some unveil new texts. The longer papers put such matters into context and indicate wider trends. The whole reflects the state of Patristic scholarship and demonstrates the vigour and popularity of the subject.

Five Idols of the Theatre. [By Shadworth H. Hodgson. A paper read before the Metaphysical Society.] Nov 20 2022

American Idol Oct 07 2021 The currency is fame, and it's bigger than money, more desired than power. Each season American Idol delivers on a promise whose epic scope is unparalleled in the annals of competition: to take an unknown dreamer from the middle of America and turn him or her into a genuine star. It has become not only the biggest show on television, but the biggest force in all of entertainment; its alumni dominate the recording charts and Broadway, win Academy Awards, and sweep up Grammys. In fact, American Idol has reshaped the very idea of celebrity. But it didn't start out that way. When the little singing contest debuted as a summer replacement on the U.S. airwaves, it was packed between reruns and low-cost filler. The promise that it would find America's next pop star produced a hearty round of guffaws from the country's media critics. Now, some ten years and millions of records later, no one is laughing. American Idol: The Untold Story chronicles the triumphs and travails, the harrowing backstage drama and the nail-biting onstage battles that built this revolutionary show. In this revealing book, veteran journalist Richard Rushfield goes deeper inside the circus than any reporter ever has. Candid interviews with Idol alumni, including Simon Fuller and Simon Cowell, shed new light on the show that changed the entertainment industry. And because Rushfield had full access to the people who created the show, starred in it, and kept it atop the pop culture pyramid, this book is the first to take Americans behind the curtain and tell what has really been happening on the world's most watched and speculated-about stage.

The Baptism Papers Nov 08 2021 In The Baptism Papers, professional engineer and preacher, Peter Frow, attests to the disquieting reality that certain laws and disciplines within his church are being applied with such monolithic rigidity that grace is stifled. Here is a poignant reminder that when denominational distinctives have greater potential to divide the Church than the cross has to unite it, then such practices have become denominational idols.
