On August 27, 1956 in Clinton, Tennessee, twelve African American students made history when they were the first to walk through the doors of a legally desegregated high school. On that day, integration in the South formally moved from the courtroom to the classroom. Author Doug Davis was a frontline witness to history. His mother was an English teacher at the high school, and his father was a lawyer in the initial court case. Although school opened with minimal disruption, the first week ended with tanks rolling into town to keep order. Later, when the parents of the black students were reluctant to send their children to school, the author's father was one of three who escorted the students through a gauntlet of angry racists that had gathered in protest. Davis was just eight when this happened, and the memories of those tense days were the inspiration for this story. The conflict followed the family home and included the burning of a cross in their front yard. The family members were eyewitnesses to their hometown's turmoil, conflict that escalated from riots and protests, culminating in the destruction of the high school with one hundred sticks of dynamite. The people of this ruptured community bore the brunt of this momentous era of societal change in America. Here, childhood memories of family and community shed their light on the story. With extracts from the composer's letters, writings, interviews and broadcasts, and supported by evidence from his sketchbooks and manuscripts, *The Orchestral Music of Michael Tippett* explores Tippett's intentions and argues that the experiences that triggered his creative impulses are integral to understanding his music. In his discussion of Tippett's creative process, Thomas Schuttenhelm attempts to recapture the circumstances under which Tippett's orchestral works were created, to document how his visionary aspirations were developed and sustained throughout the creative cycle, and to chart how conception was transmuted from idea through to performance. Analysing Tippett's orchestral works throughout his long career, from the *Symphonic Movement* of 1931 to his final masterpiece *The Rose Lake* in 1991–3, Schuttenhelm explores each work in detail to provide a comprehensive commentary on one of the most influential British composers of the twentieth century.

Twenty-five years in the making, a first novel that has already been compared to *The Sun Also Rises* and *The Last Tycoon*, *Cheat and Charmer* is certain to be one of the most admired literary debuts of the season. Written by Pulitzer Prize-winning biographer Elizabeth Frank, *Cheat and Charmer* is a masterful and richly detailed work of fiction—a

Tolstoyan novel of marriage, sisterhood, art, politics, compromise, and betrayal set in Hollywood, New York, Paris, and London of the 1950s. Dinah Lasker grew up in the shadow of her sister, Veevi, a stunning beauty and emerging star who enchanted both the Hollywood set and its imported New York literati. But Veevi's home was also a hotbed of political activity, owing to her marriage to Stefan Ventura, a Bulgarian filmmaker and high-profile Communist. At the end of the 1930s, when things go badly for him in Hollywood, Ventura and Veevi flee to Paris and into the lengthening shadows of Hitler and fascism. Cut to 1951, when Dinah is subpoenaed by the House Un-American Activities Committee, which threatens to ruin her husband, Jake, and derail his successful career as a Hollywood writer, producer, and director unless she cooperates. Can Dinah live with herself if she names Veevi—whom she both loves and loathes—in order to save her husband and preserve her idyllic married life? The choices Dinah makes set in motion an unforgettable chain of events. Like *Anna Karenina*, Dinah must face the consequences of her choices and her needs. Written with elegance and style, *Cheat and Charmer* grippingly dramatizes the interior lives of Dinah, Veevi, Jake, and their social circle. Spanning decades and following complex characters on their impassioned pursuits through America and Europe, this is a novel of grand scope, about love and deception, idealism and accommodation, the lies we live, and the truths we cannot avoid. This collection of 12 popular songs for the beginning band is correlated to the Belwin 21st Century Band Method, Levels 1 and 2, but it can also be used with any other recognized beginning band method. Each selection is presented in two ways: The solo arrangement is written so that it can be played as a solo, unison (octaves) ensemble, or full unison band with piano accompaniment or CD accompaniment. The snare and bass drummers play a rhythmical accompaniment part. The band arrangement uses the same rhythms and melodic lines included in the solo arrangement, and, in most cases, even the dynamic levels for the melody lines are the same. The piano accompaniment in this arrangement is not essential, as the selections can be performed without it. Titles are: Augie's Great Municipal Band * Linus and Lucy * Eye of the Tiger * All I Want for Christmas Is My Two Front Teeth * Tequila * Fun, Fun, Fun * The Rose * I'm Walkin' * Helena Polka * Sing, Sing, Sing * Star Wars (Main Theme) * Theme from Superman. Johnson, Bud Freeman, Pee Wee Russell, Artie Shaw and Jack Teagarden. A wonderful autobiographical work. "Max Kaminsky has written so realistically about the music world that you feel you, personally, were around for the whole great wonderful whirl!"—Jackie Gleason "I found *My Life in Jazz* absorbing reading and a true representation of the music and the people of the period."—Bing Crosby (Instrumental Play-Along). The text provides clear and

accessible information to help choral music educators select, rehearse, and perform a diverse global repertoire. It also guides directors in creating a rich cultural context for learners, emphasizing listening, moving, and playing activities as meaningful music-making experiences. Commentary on quality, commercially available world music repertoire bridges the gap between the philosophy of World Music Pedagogy and the realities of the performance-based choral classroom. All chapters open with a series of vignettes that illuminate the variety of possibilities within multiple K-12 contexts, providing the reader with a sense of how the ideas presented might look "on the ground." Ready-to-integrate activities serve as concrete and pedagogically sound examples to guide directors as they develop their own instructional materials according to the needs of their choir. This cross-disciplinary volume illuminates the history of early phonography from a transnational perspective, recovering the myriad sites, knowledge practices, identities and discourses which dynamically shaped early recording cultures. With case studies from China, Australia, the United States, Latin America, Russia, Sweden, Germany, Spain, Portugal, France, and Italy, *Phonographic Encounters* explores moments of interaction and encounter, as well as tensions, between local and global understandings of recording technologies. Drawing on an array of archival sources often previously unavailable in English, it moves beyond western-centric narratives of early phonography and beyond the strict confines of the recording industry. Contributions from media history, musicology, popular music studies, cultural studies, area studies and the history of science and technology make this book a key and innovative resource for understanding early phonography against the backdrop of colonial and global power relations. The Routledge Companion to the Contemporary Musical is dedicated to the musical's evolving relationship to American culture in the late twentieth and early twenty-first centuries. In the past decade-and-a-half, international scholars from an ever-widening number of disciplines and specializations have been actively contributing to the interdisciplinary field of musical theater studies. Musicals have served not only to mirror the sociopolitical, economic, and cultural tenor of the times, but

have helped shape and influence it, in America and across the globe: a genre that may seem, at first glance, light-hearted and escapist serves also as a bold commentary on society. Forty-four essays examine the contemporary musical as an ever-shifting product of an ever-changing culture. This volume sheds new light on the American musical as a thriving, contemporary performing arts genre, one that could have died out in the post-Tin Pan Alley era but instead has managed to remain culturally viable and influential, in part by newly embracing a series of complex contradictions. At present, the American musical is a live, localized, old-fashioned genre that has simultaneously developed into an increasingly globalized, tech-savvy, intensely mediated mass entertainment form. Similarly, as it has become increasingly international in its scope and appeal, the stage musical has also become more firmly rooted to Broadway—the idea, if not the place—and thus branded as a quintessentially American entertainment. If each of us on this Earth has 24 hours every day, how do some achieve so much, while others can hardly get by? Is there a way to manage time much more efficiently without losing sight of the good things in life? In this book, August-Wilhelm Scheer, a scientist, entrepreneur, political advisor and passionate jazz saxophonist, presents a definitive guide to time management based on his own experience. The reader is introduced to bold start-ups, exciting corporate takeovers and sales, and the demands on politicians in this regard. In addition to insider tips on the start-up ecosystem, the book offers a wealth of advice on how to manage time effectively. August-Wilhelm Scheer is one of the most influential scientists and entrepreneurs in German information technology. The ARIS method for process management, which he developed, is used in virtually many DAX companies and internationally. He heads a group of nine companies including Scheer GmbH, imc AG and Scheer PAS GmbH, as well as the non-profit August-Wilhelm Scheer Research Institute.

Sussex Carol. This is a traditional English Christmas carol sometimes referred to as "On Christmas night all Christians sing". Perfectly suited for the holidays, it is an easy and traditionally styled arrangement. Score and Part. Pure Sheet Music Arrangement for Piano and Clarinet by Lars Christian Lundholm. The clarinet has been favorably compared to the human singing voice since its invention and continues to be sought after for its expressive, singing qualities. How is the clarinet like the human singing voice? What facets of singing do clarinetists strive to imitate? Can voice pedagogy inform clarinet playing to improve technique and artistry? This study begins with a brief historical investigation into the origins of modern voice technique, bel canto, and highlights the way it influenced the development of the clarinet. Bel canto set the standards for tone, expression, and pedagogy in classical western singing which was reflected in the clarinet tradition a hundred years later. Present day clarinetists still use bel canto principles, implying the potential relevance of other facets of modern voice pedagogy. Singing techniques for breathing, tone conceptualization, registration, and timbral nuance are explored along with their possible relevance to clarinet performance. The singer 'in action' is presented through an analysis of the phrasing used by Maria Callas in a portion of 'Donde lieta' from Puccini's *La Bohème*. This demonstrates the influence of text on interpretation for singers. Together, these points suggest that voice pedagogy may be used to positively influence clarinet performance and pedagogy, ensuring that clarinetists will continue the tradition of 'making the clarinet sing.'
