Seven dogs are adopted by families all across the country who do not know their history... "Of one thing I am sure," Glenn declares. "These dogs are perfectly harmless." Frank knew it wasn't true. He would never forget walking into that trailer. He saw it in his mind every time he closed his eyes. Loose Cannon Sep 25 2020 From the bestselling author of The Ransom of Black Stealth One Dean Ing returns to his fascination with experimental aircraft, but this time instead of the big jets of The Ransom of Black Stealth One, this one is about smaller, more insidious

flying machines. Rob Tarrant is a genius at designing flying things, and his work for General Standards Corporation has yielded more than one patent for the aviation giant. But Tarrant's hobby is building miniature UAVs -- Unmanned Aerial Vehicles, tiny remote controlled drones. They could be toys, but Tarrant's latest version is so small, and so stable, that he thinks he might be able to mount other miniaturized technology on board: chemical analyzers, or listening devices. Being a good company man, Tarrant plans to give his little flying machine design to General Standards. But from the moment he describes the project to his boss, his life becomes a living hell -- for Tarrant has succeeded in building a device that has been the subject of a dozen top secret research projects. And everyone wants to stop him before he shows his new toys to the whole world. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Spiritually Loose Aug 05 2021 Your divine life is as individual as your fingerprints: your spiritual path is unique. Spirituality isn't always found in organised religion, temples, or gurus. It doesn't need to be outsourced. Your divine life lies within, all you need to do is listen to your inner voice! Spiritually Loose shows how one woman replaced soul-destroying expectations and obligations with connection, meaning and possibilities. Susan's journey included raves in Ibiza, jazz bars in New York; lectures on quantum physics in Italy, philosophy classes in Australia; traditional hula dancing in Hawaii and qualifying as a Kundalini yoga teacher in Spain. Instead of finding answers, she found rules. Instead of joy, she found judgement. However, once she began looking inward, she tuned into her inner voice of love, acceptance, and joy. Tuning into your inner voice is an antidote for emptiness, regret and disappointment. It's a powerful reminder that it's ok to be spiritual and loose, humble and confident, reverent and cheeky, patient and intolerant, brave and vulnerable, deep and

superficial all at once. Above all, it's a reminder that it's perfect just to be you.

Loose Oct 07 2021 Google breaks the traditional rules of branding by changing its logo everyday. Doritos handed over the US premium advertising slot in the Superbowl to a couple of amateur filmmakers. The software industry is well used to 'living a life in beta.' Even Pope Benedict XVI has embraced the inclusive, 'Obama model' of communication with YouTube broadcasts in 27 languages in an attempt to encourage debate. If the Pope can do loose, anyone can. Loose thinking is at odds with all but the most progressive organizations. Businesses pay lip service to customer collaboration while still exerting maximum control. As Clay Shirky suggests, companies that create products, services and message that are too perfect will leave the consumer thinking 'where is the space for me?' LOOSE shakes up the status quo and shows how prevailing business wisdom needs to change.

Loose Lips Dec 09 2021 CAREER ADVICE TO ASPIRING SPIES: IF YOU WANT TO JOIN THE CIA, DON'T FALL IN LOVE. AND IF YOU DO FALL IN LOVE, WATCH YOUR MOUTH. Few books about life inside the Central Intelligence Agency have been written by women, and none have the wit, suspense, and authenticity of Loose Lips, Claire Berlinski's dazzling first

novel about a love affair between intelligence officers. New Yorker Selena Keller has just completed a doctorate in Oriental studies. Unemployed and dismayed by her dull job prospects, she sends her résumé to the CIA on a whim. Within weeks, she is contacted by an Agency recruiter, who asks her how she would feel about convincing another human being to commit treason. Despite her checkered past, Selena passes the background investigation, the polygraph, and a battery of bizarre CIA aptitude tests. Living under cover as a government budget analyst, she begins her education in espionage at the Farm, the CIA's covert facility. All CIA officers must survive a demanding training program, and it is there that Selena becomes romantically involved with Stan, a brilliant but darkly paranoid fellow student with presidential ambitions. What happens next is a fascinating inside portrait of the Agency—how spies are recruited, how they are trained, who they meet, where they go, and most important . . . what happens when they fall in love, and begin spying on one another. A wonderful, pitch-perfect roman à clef that blends satire, romance, and suspense, Loose Lips offers a unique insight into the culture of the CIA.

Busting Loose From the Money Game Nov 27 2020 Real people, real transformations!

"Absolutely amazing! It completely shifts your paradigm for life. One of the most wonderful things about it is that the results are immediate. My whole perception and relationship to money has undergone a major, substantial change." —Chris Attwood, writer and teacher, California "I've spent most of my life trying to figure out what's true and what's real. I have to say I now have a clear glimpse into what it really is." —Tom Hill, Colorado

"Before Busting Loose from The Money Game, I was very unhappy and frustrated in my life. I was driven to find more ways to make money. I changed jobs, cities, countries, went back to school, read books. Financially, the stress was causing anxiety attacks and migraines so severe I stayed in bed. The joy I feel now is priceless. Money is there when I need it, in the amount that's needed, no matter what occurs (car repairs, unplanned trips, etc.). It's absolutely amazing!" —Suresh Thakoor, Texas

"As a retired professor on a fixed and limited income, I always lived from a tight budget and felt compressed by it—especially at the end of the year. I don't use a budget anymore and

have opened up new streams of income that were always closed to me in the past."

—Howard Rovics, Connecticut "It opened a whole new dimension for me and shifted my perspective on life completely. I especially love how practical it is. The application is so simple, so effective . . . and fun!" —Doris Kahle, Hagen, Germany "I'd had a lot of success in the corporate arena, made a ridiculous amount of money and lost a ridiculous amount of money. But I was caught in a cycle of making it, losing it. I needed to break that cycle—for myself and my family—and this gave me the keys to do that. Busting Loose from The Money Game opened a window I had no clue even existed. This is very cutting-edge, a revolutionary approach to unwrapping yourself from limitations. If you're not satisfied with where you are financially and you're concerned about your future, get this book!" —Ben Coleman, Texas
