Painter's Room - Richard Allen Morris Dec 18 2019

Skinhead Sep 19 2022 Sixteen-year-old Joe Hawkins is the anti-hero's anti-hero. His life is ruled by clothes, beer, football and above all violence - violence against hippies, authority, racial minorities and anyone else unfortunate enough to get in his way. Joe is a London skinhead - a member of a uniquely British subculture which arose rapidly in the late 1960's. While other skins were driven mainly by music, fashion and working-class pride, Joe and his mob use their formidable street style as a badge of aggressive rage, even while Joe dreams of making a better life for himself. Lacerating in its depiction of violence and sex, often shocking by today's standards, Skinhead is also a provocative cross-section of urban British society. It doesn't spare the hypocrisy, corruption or excessive permissiveness which, the author believed, allowed the extremist wing of skinhead culture to flourish. Skinhead, first published in 1970 and a huge cult bestseller, is now available for the first time in ebook form, with a new introduction by Andrew Stevens. Nearly fifty years on, it remains one of the most potent artefacts of British popular culture ever committed to print. "I did happen to read the book when it came out and I was quite interested in the whole Richard Allen cult... suedeheads and skinheads and smoothies were very much part of daily life. There was a tremendous air of intensity... something interesting grabbed me about the whole thing." Morrissey "(Richard Allen's) work shouldn't require a theoretical summing up, once enough of those to whom it

appeals understand its attraction we will have superceded this society." Stewart Home

**Suedehead** Nov 21 2022 Skinheads were dead, man. Phased out. Home had never appealed. All his life he had dreamed about a plush flat somewhere in the West End of London. So now he would make the leap from poverty street into the affluent society. In one gigantic jump. Fresh out of stir after kicking a police sergeant's head in, former skinhead Joe Hawkins is heading for the big time - a job in a firm of stockbrokers, a swanky flat and (hopefully) plenty of money. A whole new style is called for - so Joe becomes a Suedehead. The hair is a few millimetres longer, the uniform a velvet-collared crombie coat, bowler hat and neatly-furled umbrella - with razor sharp tip. For while Joe might be playing the establishment pet, he remains the unrepentently vicious, cunning hooligan from Skinhead, intent on pulling women, stealing and putting the boot in. It's not long before he finds some other Suedes willing to commit mayhem under cover of respectability... but can Joe and respectability ever really get along? Suedehead is the second of Richard Allen's era-defining cult novels featuring anti-hero Joe Hawkins. First published in 1971, this new edition features an introduction by Andrew Stevens. "I did happen to read the book when it came out and I was quite interested in the whole Richard Allen cult... suedeheads and skinheads and smoothies were very much part of daily life. There was a tremendous air of intensity... something interesting grabbed me about the whole thing." Morrissey "(Richard Allen's) work shouldn't require a theoretical summing up, once enough of those to whom it appeals understand its attraction we will have superceded this society." Stewart Home

The Joy of Everlasting Love Nov 16 2019 Read through this repertoire of poems, and you will witness Richards journey, one which begins at a young age and continues to this day. At every step, his peers and family members have been instrumental in the success he had achieved in his various endeavours. His recollection of how he relished success and his gratitude toward those who have made it possible is expressed in a style that he has truly mastered. Through unique literary skills, Mr. Brooks shows how he has devoted himself to building friendships over the years and the dedication needed in keeping those cherished friendships. Its about sharing the little things in life with others, which have no price, but which brings us the greatest fulfilment. Its about helping to shoulder the weight of others burdens, to be with them in their darkest hour, and to remind them that its that very darkness, which is at its worst before the dawning of a better day. Conversely, Richard also offers a more sobering perspective on how we can relate to the emptiness felt when friendships fail to endure in stanzas reflecting on violation of trust, misdeeds, and broken promises.

*Freedom's Prophet* Jul 05 2021 An Interview with the Author on the History News Network A Founding Father with a Vision of Equality: Richard Newman's op-ed in The Philadelphia Inquirer Author Spotlight in The Rochester Democrat and Chronicle "Gold" Winner of the 2008 Foreword Magazine Book of the Year Award, Biography Category *Freedom's Prophet* is a long-overdue biography of Richard Allen, founder of the first major African-American church and the leading black activist of the early American republic. A tireless minister, abolitionist, and reformer, Allen inaugurated some of the most important institutions in African-American history and influenced nearly every black leader of the nineteenth century, from Douglass to Du Bois. Allen (1760–1831) was born a slave in colonial Philadelphia, secured his freedom during the American Revolution, and became one of the nation's leading black activists before the Civil War. Among his many achievements, Allen helped form the African Methodist Episcopal (AME) Church, co-authored the first copyrighted pamphlet by an African American writer, published the first African American eulogy of George Washington, and convened the first national convention of black reformers. In a time when most black men and women were categorized as slave property, Allen was championed as a black hero. As Richard S. Newman writes, Allen must be considered one of America's black Founding Fathers. In this thoroughly engaging and beautifully written book, Newman describes Allen's continually evolving life and thought, setting both in the context of his times. From Allen's early antislavery struggles and belief in interracial harmony to his later reflections on black democracy and black emigration, Newman traces Allen's impact on American reform and reformers, on racial attitudes during the years of the early republic, and on the black struggle for justice in the age of Adams, Jefferson, Madison, and Washington. Whether serving as America's first black bishop, challenging slaveholding statesmen in a nation devoted to liberty, or visiting the President's House (the first black activist to do so), this important book makes it clear that Allen belongs in the pantheon of America's great founding figures. *Freedom's Prophet* reintroduces Allen to today's readers and restores him to his rightful place in our nation's history.

**Youth Culture, Popular Music and the End of 'Consensus'** May 03 2021 This book examines youth cultural responses to the political, economic and socio-cultural changes that affected Britain in the aftermath of the Second World War. In particular, it considers the extent to which elements of youth culture and popular music served to contest the notion of 'consensus' that historians and social commentators have suggested served to frame British polity from the late 1940s into the 1970s. The collection argues that aspects of youth culture appear to have revealed notable fault-lines in and across British society and provided alternative perspectives and reactions to the presumptions of mainstream political and cultural opinion in the period. This, perhaps, was most acute in the period leading up to and after the seemingly pivotal moment of Margaret Thatcher's election to prime minister in 1979. This book was originally published as a special issue of Contemporary British History.
