The Functional Approach to Character Education (FACE) Anti-bullying Curriculum is a K through 5th grade interactive model for alleviating conditions that often cause students to intimidate other students including lack of respect for another's feelings, lack of appreciation for physical/behavioral differences, and poor self-esteem. Used by over 10,000 students dating back to 2001, this curriculum is now available as an e-Book, both by individual grade or as a K through 5th grade packet. Each of the 38 lessons includes a theme, classroom activity, discussion questions, ideas, and takeaway points. Initially authored by Dr. Daniel Price, a licensed clinical psychologist, the curriculum has undergone revisions by grade level teachers since 2001, and modified to include activities that are fun and educational at the same time. Topics covered include: Responsibility, Respect, Caring, Fairness, Trustworthiness, and Citizenship. This packet, focusing on texts with personification, provides teachers and parents with a wide variety of activities to use at home or in the classroom to enhance a reading program. The comprehension activities have been selected to provide opportunities for students to practice a variety of reading skills, and an assessment rubric helps track progress in achieving those skills. The various levels available allows you to select the one most appropriate for an individual student or class. Prepare your child for a bright future with Barron's Early Achiever Workbooks.
